

A Fleet Complete Company

BigRoad Freight

Empowering the Driver

Get more loads to haul and earn more money – all with your BigRoad App!

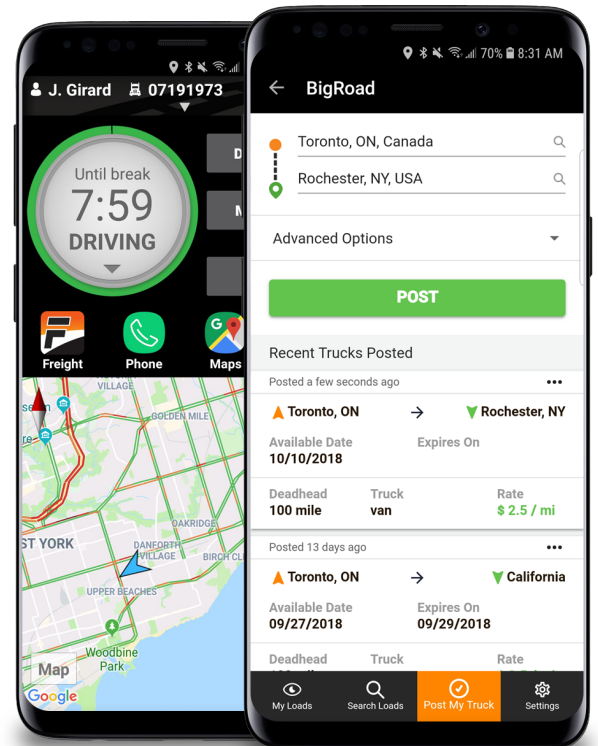

BigRoad Freight is an on-demand freight marketplace that matches loads from Shippers and Brokers with Drivers.

This load-matching platform gives owner-operator drivers the ability to:

- Maximize their Hours of Service (HOS) drive time
- Increase their earnings with more loads
- Use the vehicle in the most profitable and efficient way

Drivers can see upfront how much they will be paid for a load that matches their truck requirements and personal preferences.

Suggested loads are always in real-time, 24 hours a day and 7 days a week. They are based on driver's selected location, availability and truck equipment type.

Personalized Load Board

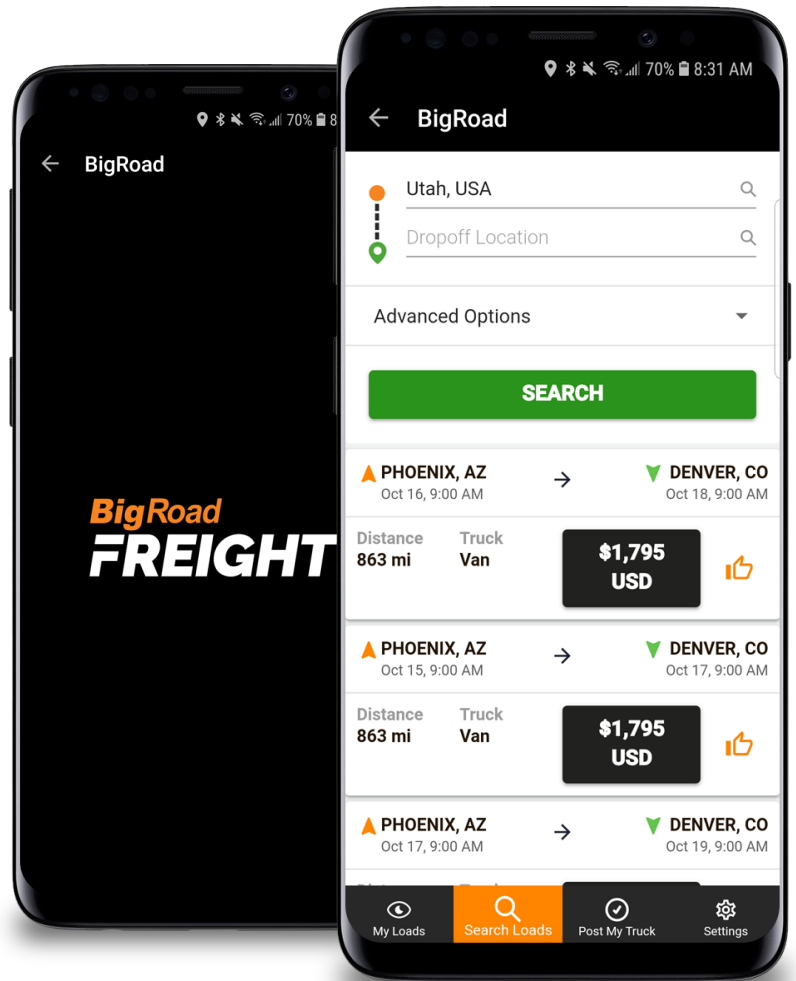

Your personalized load board is set up according to your:

- Vehicle type and equipment
- Load weight
- Where you are
- Where you are headed
- HOS availability
- Preferred rate

You receive Top 10 shipment opportunities that fit your Driver Profile.

You also have the ability to **Request a Load** to let shippers know you're available and where you're driving to, as well as **Search Loads** that are ready for pick up right now.

All your loads will be on one screen. If the posted rate is available, we'll show it to you. If none is shown, the broker will discuss it with you when you speak.

Ready To Get Started?

Already a BigRoad User:

- Log in with the same username and password you use for BigRoad.
- Tell us about your truck and equipment.
- Let us know your preferred routes.

New to BigRoad:

- Download the BigRoad app from the Apple iTunes or GooglePlay stores.
- Create a new account.
- Launch BigRoad Freight from the BigRoad app.
