The candidate will be responsible for leading the Portfolio, including the delivery of strategic change, planning and implementation of the organization's strategic projects and programmes.

Role Requirements:

- Experience in managing delivery teams and portfolio teams
- Experience in leading large scale, software implementations
- Very good understanding of the underlying business processes within the target sectors.
- Consulting experience in a variety of different industry sectors.
- Experience within Downstream Oil & Gas and Supply Chain (advantageous).

Skills & Experience:

- Graduate / post graduate Degree from accredited institution
- Executive / Senior Management level engagement capability
- Ability to manage risks and issues and manage escalations through proper channels
- Excellent communication skills
- Ability to foster ideas and provide both functional/technical support throughout the value creation process
- Ability to handle and deliver multiple projects
- Self-Starter with ability to excel under minimal direction
- Experience of managing delivery teams.

Education, Qualification and Experience

- Graduate / post graduate Degree from accredited institution
- Minimum 8 years of Supply Chain, Retail solutions experience

Adapt IT is committed to successfully implementing employment equity initiatives that actively promote our Broad-Based Black Economic Empowerment (B-BBEE) policy.
