## POLYPROPYLENE PIPE

Aquatherm's Blue Pipe is available in SDR 9 MF RP.

This pipe is available in sizes ranging from 1" to 14"; some products can handle up to 180° F fluids at 100 psi. It is suitable for applications such as high-pressure risers, high-temperature heating and district heating, and industrial process systems.

## WIRELESS CLIMATE CONTROL

Uponor's Climate Control

Zoning System II features auto-balancing technology that boasts 25% faster reaction times and up to 20% greater energy savings for radiant floor-heating systems, Uponor notes. A single base unit can support up to six thermostats and eight actuators.
