WHY ATTEND

ODSC is the best community data science event on the planet.
There are other events that cover special topics, or industries, etc., but ODSC is comprehensive and totally community-focused:
It's the conference to engage, to build, to develop, and to learn from the whole data science community.

- Kirk Borne, Booz Allen Hamilton, May 2019

EVENTS AT ODSC

NETWORKING EVENTS

Network, connect, and collaborate with those leading the future of data science and AI. 7,500 fellow data scientists, presenters, innovators, practitioners, and influencers.

CAREER FAIR

Get hired by innovative companies ranging from Fortune 500s to startups. We have many of the top companies hiring including HPCC Systems, Dataiku, IBM, DataRobot & many more.

COFFEE & LUNCH

Morning & afternoon coffee breaks, daily lunch & main networking reception to recount the days talks & workshops with a few well deserved drinks.

MEET THE SPEAKERS

Meet and connect with some of the biggest names in the data science industry. Talk shop and get your questions answered by the leading experts.

MEET THE EXPERTS

Join audience-focused sessions to solve real-world, applied data science problems with the expert's help. Chat and connect with thought leaders from various conference focus areas.

DINNER WITH DATA SCIENTISTS

Don't dine alone – attend self-organized dinner with Data Scientists. It's a great way to connect & meet new people

BOOK SIGNINGS

A great chance to meet some of the most famous data science authors. ODSC will be giving away a few book copies to be signed. You can also bring your copy to be signed.

AI REVERSE PITCH

Artificial Intelligence & Data Science startups are in hot demand from investors. Hear from top investment firms seeking AI and Data Science Startups.

LONDON SIGHTSEEING TOURS

There are always so many attractions just waiting to be discovered in London! From iconic landmarks such as St. Paul's Cathedral, the Tower of London to the Coca-Cola London Eye and Buckingham Palace.

FOCUS AREAS

OPEN DATA SCIENCE

Featuring real-world applications of the most current & key data science topics, tools & languages

MACHINE LEARNING & DEEP LEARNING

Learn the latest models, advancements & trends from the top practitioners behind two of data science's hottest topics

DATA SCIENCE RESEARCH

Hear from top academics & researchers as they deliver talks on the latest developments in the key focus areas of data science

AI IN BUSINESS

Gain proficiency in essential AI skills and accelerate your insights by attending one of our many introductory level talks and workshops.

DATA SCIENCE KICKSTART

Learn the essentials to get started on your data science career & connect with top companies hiring data scientists & related roles

TRAINING

Learn the latest data science concepts & tools from the best. Find training sessions offered on a wide variety of topics from machine learning to data visualization.

OPEN VISUALIZATION

Design compelling graphics and tell powerful stories using data. Explore the beauty of visualization brought to you by the world's most creative minds.

QUANT FINANCE

Learn Data Science Skills for Quant Finance. Gain insights on how the intersection of data science and quant finance is helping to predict markets and transform finance.
