

## ABOUT US

For half a century Peninsula School of Art has been dedicated to the belief that **everyone deserves access to the arts**—and each of us has the potential for artistic expression. Our exceptional education programs, exhibits, and events **open doors for curious minds of all ages, backgrounds and abilities to learn, discover and explore through the visual arts.** We celebrate creativity together during the Door County Plein Air Festival. We bring nationally-recognized artist-educators to the Door Peninsula. We reach local children and teens through Family Art Days and school programs. And artists from around the country share their works and process with the community in our Guenzel Gallery.
