# SOFTWARE ASSURANCE

Enjoy peace of mind, get the support you need and stay up to date.

**PH: 1300 133 745**

Software Assurance is designed to complement your licences, with access to our professional support team, as well as our product updates.

## AVID SUPPORT

Everyone on our Australian-based support team is a professionally trained and experienced user in Buildsoft's software. We are passionate about helping you and are committed to providing the best customer experience.

Our support team regularly deliver a 98% - 100% satisfaction rate with our customers, and have an average response time of 30 minutes, so you can be assured any issue is important to us and we will work relentlessly to get things sorted for you.

## PRODUCT UPDATES

We understand that technology is continually changing and evolving. That's why our dedicated team of Australian-based developers are working tirelessly to ensure your software runs seamlessly and effectively. Our team is focused on delivering innovative and exciting features to our software, so we offer regular updates to ensure our software is meeting industry expectations. That's just the start. Just because we have the best estimating software doesn't mean our work is done. We will keep working hard to make our solutions even better.
