

10 Traits Of A Good Boss

Here are 10 common characteristics of a good boss—and how you can adapt your behavior to boost productivity and morale.

1

Trusting - Set clear expectations then trust employees by giving them more autonomy to complete their tasks how they choose.

2

Decisive - Fully evaluate each situation and then act so employees have the direction they need to move forward.

3

Adaptable - Try to understand the value of change and reinvention to help employees perform better.

4

Fair - Treat everyone fairly, regardless of the personal relationships you may have with certain employees.

5

Level-headed - Don't let emotions get the better of you, even in challenging situations.

6

Accountable - Admit your mistakes and then work to correct them.

7

Forward-thinking - Improve the workplace by encouraging a longer-term vision and develop a roadmap to help employees see how they'll progress.

8

Open-minded - Encourage new ideas to help employees and the company thrive.

9

Humble - Understand that success is based on the team's accomplishments, not just your own, so establish protocols for recognizing employees' contributions.

10

Available - Communicate times you're available for employees and, when a worker needs to talk, be fully present.
