- Optional rubber boot provides additional protection to mounting surface
- Triple reinforced coax strain relief, eliminates cable pull out
- Mount comes with 12 ft RG-58 cable with SMA Male Connector

Warning: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

About

The soft install bundle kit is for customers to test the **Drive 4G-X Fleet** (470221) before drilling holes in the vehicle. This kit makes the soft install process easier to check that the product meets performance expectations before initial fleet installation. The kit includes the **Magnetic NMO Mount** and **DC/DC 6V vehicle power adapter** (859913).

The Magnetic NMO Mount is designed to be used with the Wilson 4G NMO Antenna (314405) but will work with any NMO antenna and compatible with any weBoost vehicle cell signal booster.

Kit Includes

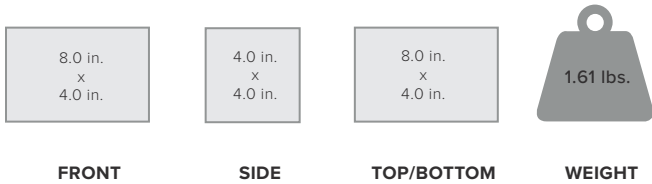

Magnetic NMO Mount

Rubber Patty

Vehicle Power Supply
