NOT JUST FINANCIAL DATA. → **USABLE** FINANCIAL DATA. ←

You're not lacking data. But you are lacking the right data, for better insights on benchmarking, corporate strategy, mergers & acquisition, competitive analysis & so much more.

idaciti is the one financial data platform you need for all the answers you seek. It gives you the public financial data you want on your market, but with a whole lot more.

DATA VARIETY:

Access public disclosure data provided to the SEC, and combine it with non-financial information from the Consumer Financial Protection Bureau, FDA and more.

DATA DEPTH:

Choose from the more than 750 KPIs that matter most, including both popular and hard-to-find accounting metrics.

DATA INSIGHT:

idaciti's textual analytics can scan disclosure footnotes for hidden insights like litigation, commitments, buried expenses and more.
