

# RPA Case Study

## Customer Profile

Packaging Company

## Business Challenge

Processing **432,000** orders, equivalent to **108,000** hours per year

Constant vendor pricing changes slowing down quoting process

80% of the quoting process time was spent figuring out the right price

## Solution

Implemented **RPA UiPath + SQL Server Reporting Services** to automate the quoting process

## Results

Price look up went from **15 minutes to seconds**

**80% productivity gains**  
Cost savings of **\$1M+**

**ROI** of less than one month

Increased **controls & elimination of inaccurate quotes**
