

MISSED SALES OVER COST? TBS HAS THE SOLUTION.

PROSTART™

LET TBS CUT YOUR CLIENT'S DOWN-PAYMENT IN HALF

HOW SIMPLE IS IT?

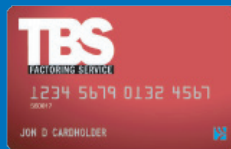

Let's say you have a \$3,000 down-payment to begin or renew your insurance. You put down \$1,500 and TBS Factoring Service, LLC pays the other \$1,500. Then, TBS simply deducts \$300/week out of your loads to be factored (in addition to regular fees) to repay the \$1,500 insurance deferral over a period of 4-6 weeks. TBS can also defer up to 50% of the deposit/down-payment of an additional truck if you want to add a truck to your fleet in the middle of the policy term.

FACTORING BENEFITS

Each Factoring program is tailored to the client's individual needs. TBS Specialists will analyze client data to find the best solution, so you don't have to.
