CHAPTER J

INDIVIDUAL SOLUTIONS FROM A SINGLE SOURCE

Systems diversity for warehouses, factories and workshops

GENERAL CATALOGUE

An office environment that works

SSI SCHAEFER offers you a comprehensive, complete range of modular and functional office equipment for many different applications.

The systems are designed and constructed in accordance with ergonomic principles, have a sturdy construction and meet the requirements of EU health and safety regulations and workstation guidelines.

Attractive furnishings, fully flexible geometry and harmonious, matching accessories offer you a wide selection and unlimited design scope.

SSI SCHAEFER naturally continues the use of the tried and tested steel material. Versatility, robustness and durability are significant advantages.

Our high quality office furniture systems are supplemented by a comprehensive service offering. Make use of our extensive experience on site, individual room planning and workstation design services with CAD drawings and a complete assembly service by specialist, trained staff.

Modern waste management systems must be systematic and reliable

Modern systems for waste disposal should be safe, reliable and durable.

Around the world, waste technology and recycling specialists put their trust in SSI SCHAEFER when it comes to using tried and tested disposal systems to return reusable materials back to the manufacturing cycle and to collect waste materials efficiently.

In collaboration with operations in public and private waste disposal as well as countless, successful practical uses, a waste technology programme has been developed which provides the answer worldwide to virtually any issue.

SSI SCHAEFER provides the basis for hygienic and convenient material recovery and a more, environmentally-aware means of dealing with reusable substances.

With our effective collection systems, we offer solutions for the ecological and economic challenges of our time.

- Waste disposal
- Waste paper collection
- Glass collection
- Bio-waste collection
- LVP collection (light packaging materials)
- Industrial waste
- Hazardous waste
- Special and auxiliary equipment

SSI SCHAEFER – for solutions that fit!

FRITZ SCHÄFER GMBH, Neunkirchen

For years SSI SCHAEFER has been one of the world's leading suppliers of complete, high quality product systems for warehouses, factories, offices, waste management and recycling.

From containers to matching shelving, from racking to total warehouse systems, from desks to a multi-functional office facility one is precisely matched to the other and can be expanded in modules at virtually anytime to create complete factory and office systems.

International presence, experience and exemplary customer services are advantages when it comes to planning and executing modern logistics strategies. Expert advice and an outstanding service right from the start generate trust.

Many years of operating throughout the world has provided us with the skills to develop, manufacture, install and commission storage systems. Systems excellence in compliance with DIN EN ISO 9001 – all from a single source.

Environmental protection
At SSI SCHAEFER we have developed a water-based surface coating for large-scale production. This has resulted in the evolution of high quality, ecologically sound and economically attractive paint system which produces no emissions or special waste. We are supported in this venture by the European Community as part of the LIFE project.

Investment in modern plant and advanced production technology, strict quality control and inspection procedures ensure high standards of quality now and for the future.

So you as the customer can rest assured, that all SSI SCHAEFER products will be certain to meet the most stringent requirements.

CERTIFIED ISO 9001

FRITZ SCHÄFER GMBH, Neunkirchen

The SCHAEFER Group – a formidable team!

SSI SCHÄFER PEEM GMBH, Graz/Austria

The product range from SSI SCHAEFER PEEM includes a wide variety of equipment from individual conveyor belts to complete storage, materials handling and order-picking plants. These systems underpin the entire warehouse organisation, from receipt of goods through to dispatch.

SSI SCHÄFER NOELL GMBH, Giebelstadt

SSI SCHAEFER NOELL, a world leader in its field, is the ideal partner for complex logistics management. International know-how, a global presence lie at the core of optimal performance.

SCHÄFER WERKE GMBH, Neunkirchen

Diversity is the key to the success of SCHAEFER. The company currently comprises fire different areas of business: Container systems, furnishing systems and equipment for offices and clinics, perforated sheet, the EMW steel service centre as well as the IT systems division based in Dresden. With a product range like this, the SCHAEFER plants have became a sought after partner in the international arena.

SCHÄFER IT Systeme, Dresden

SCHAEFER IT-Systeme is the leading complete supplier for all information technology enclosures. The success of the company is founded on the provision of a comprehensive service including enclosures, assembly and logistics and an extensive range of other PC products.

SCHÄFER SHOP GMBH, Betzdorf

The SCHAEFER SHOP is a mail order business for trade and industry which covers the whole of Europe. The SCHAEFER SHOP catalogue lists more than 25,000 items on 1,300 pages.
