

## Wing door cabinets – with a versatile, systemised “inner life”

Regardless of whether you want to store large or small objects, keep files or just hang up your coat there is a materials cabinet to suit every purpose.

In workshops, in industry and in offices, SSI SCHAEFER cabinet systems have proved themselves a thousand times over. With their

modular design and flexible configurations, in many businesses life without SSI SCHAEFER-cabinet systems would be unimaginable!

The SSI SCHAEFER-cabinet range is rational, versatile and variable. A state of the art design to meet everyday needs. A range with solutions that fit.
