

Altimate Care

HOME HEALTH

Altimate Care Home Health is a full-service skilled nursing agency providing a full range of services for adult, geriatric and pediatric patients. With five offices serving patients in central, southern and northern Ohio, Altimate Care employs over 300 home health care providers and generates revenues in excess of \$12 million per year. Although Altimate Care provides a full range of home health care services, its emphasis on skilled nursing services fulfills the needs of its payers (insurance companies, Medicare, Medicaid the State of Ohio, etc.). This, in concert with Altimate Care's excellent reputation with its patients and referral sources, has fueled Altimate's strong, organic growth. New offices are immediately successful, as they are typically opened in response to requests from payers for Altimate to provide service in a given geography.

Carecore Health, LLC, Joseph Hertanu, managing member, is pleased to announce its acquisition of Altimate Care. Mr. Hertanu has an extensive background in nursing home ownership and management throughout the eastern United States. Mr. Hertanu plans to utilize the synergies created by the acquisition to energize and optimize the functioning of both entities.

Prime Investments Business Brokers acted as intermediary in the transaction. With offices in Potomac, MD, and Reston, VA, Prime Investments provides M&A and Business Broker Advisory services to business owners throughout the mid-Atlantic states and beyond. Prime's "no up-front fee" business model, unusual in the M&A industry, has proven attractive to business owners throughout its market.
