Reception Behavior Expectations:

School Administration will be taking an active role in making sure our students treat the venue with respect. School administrators will be positioned throughout the reception area to ensure proper behavior.

Parents, you also can help with this effort by keeping these three points in mind:

1. Know where your children are—don't let them out of your sight.
2. If you notice your child becoming rowdy or not using the facility in a respectful manner, please address him or her as necessary.
3. Instruct your children to remain in the narthex area, and not to attempt to go upstairs, downstairs or into the hallways (students who attempt to go into these places will be addressed accordingly).

Concert Attire Notes:

1. Remember absolutely NO perfumes, heavily scented body lotions, deodorants, etc. These items can set off an allergic reaction manifesting in the throat and sinuses, creating dry throat and/or asthma attack.

2. Heels on girls' shoes should be no higher than 1 1/2". High heels are never acceptable for concerts as they are dangerous on risers in addition to throwing off balance.
