

# Bolt Down Table Bases

JI Bases does not supply floor attaching hardware, nor give recommendations for hardware. These decisions need to be made by the installer based on the type and condition of the floor.

## ***Dining Height -***

**Model #:** JIP3-7RDTP12SQDN

**Overall Height:** 28.5"

**Weight:** 10 lbs.

**Base Plate:** 7.5" dia., 16ga. metal cover over 5/16" thick steel plate

**Top Plate:** 12" x 12" square stamped steel welded on 3" (16-gauge) diameter column

**Standard Finish:** Black wrinkle

Packed 2 per carton

**Note:** *The top plate, column, & base plate are welded as one piece. Floor anchors **not** included.*

## ***Bar Height -***

**Model #:** JIP3-7RDTP12SQBH

**Overall Height:** 40.5"

**Weight:** 12 lbs.

**Base Plate:** 7.5" dia., 16ga. metal cover over 5/16" thick steel plate

**Top Plate:** 12" x 12" square stamped steel welded on 3" (16-gauge) diameter column

**Standard Finish:** Black wrinkle

Packed 2 per carton

**Note:** *The top plate, column, & base plate are welded as one piece. Floor anchors **not** included.*

***Increasing the width or length beyond a recommended one fixed base per 36"x42" top may cause too much torque on floor bolts. Additional bases can be added to support longer tops based on one base per 42" in length.***
