

Job Description

Company	Pennside Partners. Ltd.
Job Title	Research Associate
Level	Entry Level Professional
Location	Wyomissing, PA, United States
Reports To:	Project Manager and/or Senior Management

Summary

Pennside Partners is looking for a Research Associate to join our global team of pharmaceutical and biotechnology consultants. This position will be based in our global headquarters located in Wyomissing, PA, United States.

Research Associate performs duties and functions outlined below in support of client-based projects within the pharmaceutical and biotechnology industries. Duties directly support a specific project team, project manager and/or senior/executive management.

Pennside offers a dynamic work environment, competitive total compensation package commensurate with experience, and an opportunity for career growth in an exciting industry.

Job Duties and Responsibilities

- Conduct targeted research via internet, internal proprietary databases, and a variety of other data sources in support of projects for the company's clients in the pharmaceutical and biotechnology industries
- Read and interpret documents such as company reports, marketing aids, organizational charts, and clinical trial information, to effectively prepare concise reports and presentations independently and as part of a team
- Participate actively in project/team meetings
- Attend and participate in client meetings
- Attend medical conferences to gather and analyze information either alone or as part of a team
- Be willing and available to travel domestically and internationally up to 25%

Skills

- Read, speak, and write in English at a fluent level
- Ability to communicate effectively with internal and external audiences
- Effective time management
- Proficiency with the Microsoft Office Suite
- Basic knowledge of internet search engines and other research methods

Qualifications

- Minimum of an undergraduate degree in science, business administration, marketing, or economics
- Less than 1 and up to 3 years of professional experience
