9. On 28th January 2020 the Group announced it had reached a non-binding, in principle agreement to settle the dispute with a platform provider for past royalties and a new 10 year agreement for royalties due on future sales and renewals. On 13th March 2020 the settlement agreement and the new 10 year agreement were finalised and signed. The settlement agreement was entered into following proper consideration about the merits of the claims against Tribal, and Tribal's decision to settle is consistent with independent legal advice. The Group has paid £9.1m to settle all historic liabilities, including related legal fees, and the costs were fully provided in the 2019 results.

Explanatory notes to the resolutions as proposed at the 2020 Annual General Meeting

ORDINARY BUSINESS AT THE ANNUAL GENERAL MEETING

Annual Report and Accounts for the year ended 31 December 2019 (Resolution 1)

The directors must present the accounts, directors' report and auditors' report to the shareholders at the AGM. If you have requested to receive information from the Company in hard copy, a hard copy of the Annual Report and Accounts will be included with this document. If you have elected to receive documents electronically, the Annual Report and Accounts can be accessed on our website <https://www.tribalgroup.com/investors/investor-docs> or are available on request from the company secretary or our registrars.

Re-appointment of Auditors (Resolution 2)

Shareholders are required to appoint auditors at each general meeting at which accounts are presented. This resolution proposes the appointment of BDO LLP as auditors of the Company until the conclusion of the next general meeting at which accounts are laid, that is, the next AGM.

Remuneration of Auditors (Resolution 3)

This resolution authorises the directors to fix the auditors' remuneration. Re-appointment of

directors (Resolutions 4 to 7)

The Board has resolved to adopt the practice of the Quoted Companies Alliance Code (QCA) that each director offers himself for re-election each year. Biographies of each director appear on pages 34 and 35 of the Annual Report. Having considered the performance of and contribution made by each director, the Board remains satisfied that each of them continues to be effective and demonstrates commitment to their roles and, as such, recommends each re-appointment.

SPECIAL BUSINESS AT THE ANNUAL GENERAL MEETING

Authority to allot shares (Resolution 8)

This resolution grants the directors authority to allot shares in the capital of the Company and other relevant securities up to 68,069,674 ordinary shares, representing approximately one third of the issued ordinary share capital of the Company as at 22 May 2020, being the latest practicable date before publication of this notice. In addition, in accordance with guidelines issued by the Investment Association, this resolution grants the directors authority to allot further equity securities up to 68,069,674 ordinary shares, representing approximately one third of the issued ordinary share capital of the Company as at 22 May 2020, being the latest practicable date before publication of this notice. This additional authority may be only applied to fully pre-emptive rights issues.

The directors do not have any present intention of exercising the authorities conferred by this resolution but they consider it desirable that the specified amount of authorised but unissued share capital is available for issue so that they can more readily take advantage of possible opportunities.

Unless revoked, varied or extended, this authority will expire at the conclusion of the next AGM of the Company.

Disapplication of pre-emption rights (Resolution 9)

This special resolution will be proposed to empower directors to allot securities of the Company up to a specified amount in connection with rights issues without having to obtain prior approval from the shareholders on each occasion and also to allot a small number of securities for cash without first being required to offer such shares to existing shareholders.

The proposed disapplication of pre-emption rights will mean that the number of ordinary shares which may be issued for cash without first being required to offer such shares to existing shareholders will not exceed 40,841,805 ordinary shares, being approximately 20 per cent of the issued ordinary share capital of the Company as at 22 May 2020.

Market purchase of shares (Resolution 10)

Under Article 11 of the Company's articles of association, the Company is empowered to purchase its own shares. As at last year's AGM, the Company proposes a special resolution to enable it to purchase, for cancellation and/or for holding in treasury, ordinary shares in the market for the period until the conclusion of the Company's AGM to be held in 2020, up to a maximum number of 20,420,902 ordinary shares (representing approximately 10 per cent. of the issued ordinary share capital as at 22 May 2020) upon the terms set out in the resolution. A purchase of the proposed maximum of 20,420,902 ordinary shares at the share price of 57.5p on 22 May 2020 would involve the Company in the expenditure of approximately £11.7m before stamp duty and commissions, and at the minimum permitted price would involve the expenditure, on the same basis, of £1,021,045.

As at 22 May 2020, there were outstanding options to subscribe for a total of 13,724,217 ordinary shares in the Company, representing approximately 6.7 per cent of the Company's issued ordinary share capital at that time. If the Company was to exercise in full the proposed authority to purchase its own shares and the Company's issued ordinary share capital remained unchanged, the shares for which there are outstanding options to subscribe would represent approximately 7.5 per cent of the Company's issued ordinary share capital as reduced by those purchases.

In seeking this authority the Board is not indicating any commitment to purchase ordinary shares. The directors would use the share purchase authority with discretion and purchases would only be made from funds not required for other purposes and in the light of market conditions prevailing at the time. In reaching a decision to purchase the ordinary shares, the directors would take account of the Company's cash resources and capital, the effect of such purchase on the Company's business, any impact on earnings per ordinary share or on net tangible assets per ordinary share. No announcement will be made by the Company in advance of market purchases but any purchases made by the Company would be announced by 7.30 a.m. on the business day next following the transaction.
