FOR IMMEDIATE RELEASE

OneStream Software Awarded 'Core Vendor' and Earns High Marks for Customer Satisfaction for Third Consecutive Year

ROCHESTER, MICHIGAN—(June, 2016)—OneStream Software LLC, global leader in Corporate Performance Management, has been recognized as a 2016 'Core Vendor' by BPM Partners, an independent and unbiased authority on business performance management (BPM) and business intelligence (BI) solutions.

In May BPM Partners presented "The Pulse of Performance Management 2016: The Top Solutions for Budgeting, Forecasting, Consolidation, Reporting, and Analytics" webcast. Hosted by IndustryWeek, this webcast revealed research results, annual vendor overviews, current market trends in performance management and the list of 'Core Vendors' for 2016. For the third consecutive year in a row, OneStream ranked among the highest in customer satisfaction and was awarded BPM 'Core Vendor'. *The Pulse of Performance Management* series is designed to provide an unbiased and up-to-date overview in the world of business performance management. Inclusion on this list is determined by depth of product functionality, sales and customer success, ease-of-use and meeting performance management market needs.

"OneStream's Extensible Dimensionality® is unique among the major performance management vendors. It enables a large organization with diverse needs to support the corporate standard while simultaneously accommodating the unique requirements of its divisions, all in a single instance of the software within a single application." says Craig Schiff, CEO of BPM Partners. "Additionally, OneStream delivers its powerful capabilities with a product designed for end user ease-of-use, which is exactly what our research indicates the market is looking for."

BPM Partners also highlighted OneStream XF's direct integration with the Microsoft Office® suite (without an add-in) and the XF Marketplace, a downloadable solution center that allows customers to easily extend the value of their Corporate Performance Management solution without the need to upgrade the entire platform. *All OneStream developed solutions are available to all active customers **free of charge**.*

"At OneStream, customer satisfaction and success are top priorities in which we hold ourselves accountable", says Craig Colby Chief Revenue Officer, OneStream Software. "We are proud of what we have achieved, both in being recognized as a 2016 'Core Vendor' and our continued high ranking in the BPM Customer Satisfaction Survey. Our customer satisfaction ranking, 4.73 out of 5.0, is a testament to the value added, ease-of-use and administration of OneStream XF. Whether on-premise or in the cloud, our solution is unmatched by other CPM vendors on the market."

About OneStream Software LLC

OneStream Software is a privately held software company created by the same team that invented the leading financial solutions of the last decade. We provide a unified Corporate Performance Management (CPM) platform which enables the enterprise to simplify financial consolidation, reporting, budgeting and forecasting for complex organizations. Powerful extensibility enables the enterprise to deliver additional analytic solutions without adding any technical complexity. By delivering multiple solutions in one application, we offer increased capabilities for financial reporting and analysis while reducing the risk, complexity and total cost of ownership for our customers. We are driven by our mission statement that every customer must be a reference and success.
