FOR IMMEDIATE RELEASE

OneStream Software Selected by IASIS to Deliver Financial Consolidation and Reporting, Planning, Analysis and Data Quality in One Unified Platform

ROCHESTER, MI—October 7, 2014—OneStream Software LLC, providing unified Enterprise Performance Management (EPM) solutions for the large enterprise, today announced it was selected by IASIS Healthcare to deliver a unified corporate financial consolidation, reporting, planning, analysis and data quality solution.

"OneStream is pleased to welcome IASIS to its growing list of large customers. I believe this is a testament to our ability to successfully support the complexity and scalability of the largest and most complex reporting requirements," says **Tom Shea –President, OneStream**. *"OneStream's Unified Financial Model will allow IASIS to eliminate their multi-product environment including the need to integrate, validate and reconcile between these products for actual and budget processes."*

"The deeper functionality and stability of OneStream's single product platform was critical to IASIS choice," says *Leslie Walker, Vice President of Financial Planning & Reporting. "We were able to get all the solutions we needed without the complexities of multiple products and applications."*
