OneStream Software Expands Facilities to Accommodate Explosive Growth

ROCHESTER, MICHIGAN (October 20, 2014)- [OneStream Software LLC](#), leader in Corporate Performance Management (CPM) software, is set to expand its office in Rochester, Michigan and add offices on the East Coast and Western Europe

"We are excited to announce the expansion of our US headquarters and the addition of offices in the Northeast and Western Europe." said Craig Colby, VP of Marketing and Communication. "Our client base has increased exponentially, carrying with it the need for additional space to accommodate the rapid growth." He added, "I am very pleased our commitment to delivering an exceptional product and earning customer trust have provided the opportunity to expand our business."

[Fieldstone A&E, LLC](#) was selected to design an open-concept floor plan for the new state-of-the-art 22,000sf headquarters. The renovated space will house a larger data center with increased internet speed and built-in redundancy for continuous uptime. Included in the new space will be a basketball court, coffee shop and gym for its employees. The new building will open in spring 2015.

OneStream's Northeast office is located in Stratford, CT ideally situated to take advantage of the quality software engineering resources within the region. The European office is in Switzerland, centrally located to support our EMEA efforts.
