

FOR IMMEDIATE RELEASE

## **OneStream Software Continues Global Expansion with New Offices in the United Kingdom**

ROCHESTER, MICHIGAN—(February, 2016)—[OneStream Software LLC](#), leader in Corporate Performance Management (CPM) solutions for the mid to large enterprise, today announced they have expanded their global presence to provide increased sales, services, training and customer support throughout the UK. The new offices are located in Manchester and London and currently support globally recognized enterprises such as Melrose PLC, Lonrho and FTSE 100 listed Taylor-Wimpey.

“OneStream is excited to announce the opening of two new offices in the United Kingdom,” says Tom Shea, President of OneStream Software. “Opening of these new spaces was necessitated by the continuous global growth and expansion of our organization and our commitment to provide exemplary service and support to all our customers. We are proud to be the leading provider of a truly unified Corporate Performance Management solution. Our continued growth and development of our organization is a testament to the success of not only our agile CPM solution but also our top-rated customer support team. OneStream XF leads the market with a modern platform for unified financial consolidation, reporting, budgeting, forecasting and analytics.”

OneStream Software was founded in 2010 by Tom Shea, Craig Colby and Bob Powers, all pioneers in the financial data quality and consolidation market. The headquarters is located in Rochester, MI with additional offices around the globe. OneStream has a 100% customer success rate that is unmatched by other CPM vendors on the market.

“This is an exciting time for our UK operation as OneStream redefines the CPM landscape,” says Ricardo Rasche, Managing Director EMEA, OneStream Software. “Our unified CPM solution with extensive flexibility has proven to improve even the most diverse financial reporting process while dramatically lowering total cost of ownership. Manchester has established itself as a go to destination for many digital technology companies and we feel well placed to capitalize on the pool of talent here for further growth in the future, while London is key to having quick access to the many global enterprises that fit the OneStream XF market.”

[OneStream XF](#), is a single, unified Corporate Performance Management software platform that simplifies processes to deliver financial consolidation and reporting, planning and operational analytics for sophisticated organizations whether on-premises or with Microsoft Azure PaaS in the cloud.

### **About OneStream Software LLC**

OneStream Software is a privately held software company created by the same team that invented the leading financial solutions of the last decade. We provide a unified Corporate Performance Management (CPM) platform which enables the enterprise to simplify financial consolidation, reporting, budgeting and forecasting for complex organizations. Powerful extensibility enables the enterprise to deliver additional analytic solutions without adding any technical complexity. By delivering multiple solutions in one application, we offer increased capabilities for financial reporting and analysis while reducing the risk, complexity and total cost of ownership for our customers. We are driven by our mission statement that every customer must be a reference and success.
