FOR IMMEDIATE RELEASE

OneStream Software delivers Financial Consolidation and Reporting, Forecasting and Financial Data Quality for Henniges Automotive.

ROCHESTER, MI—January 22, 2014—[OneStream Software LLC](#), providing unified [Enterprise Performance Management](#) (EPM) solutions for large enterprises, today announced it has delivered a corporate financial consolidation and reporting, data quality and forecasting solution for Henniges Automotive Corporation.

*“OneStream is pleased to announce the successful implementation of OneStream XF’s Financial Consolidation and Reporting, Forecasting and Data Quality solutions for Henniges Automotive Corporation,” says **Tom Shea – President, OneStream**. “The OneStream’ XF Finance Platform allows Henniges to deliver more solutions for finance without adding technical problems and integration layers. OneStream’s guided workflows and flexible consolidation and reporting engine offered us a turn-key solution for our business users that ensures data quality and confidence. Powerful analysis tools and more financial intelligence allows our users to more quickly understand the business. From a corporate perspective, OneStream delivers improved intercompany elimination and audit capabilities previously unavailable with Hyperion®”, says **Linda Hellebuyck, Corporate Controller, Henniges Automotive**.*

About Henniges Automotive

Henniges is a global supplier of sealing and anti-vibration systems for automotive original equipment manufacturers (OEMs). The company is globally aligned with its customers to provide technologically advanced sealing system solutions for automobile doors, windows, trunks, lift gates, sunroofs and hoods. The company also supplies the automotive market with anti-vibration products, encapsulated glass, and other rubber components. Henniges sells to all major Automotive OEM customers and operates facilities in North America, Europe, and China. The company has 6,000 employees worldwide.
