FOR IMMEDIATE RELEASE

OneStream Software Recognized as Best New Vendor of the Year in The Pulse of Performance Management 2013 Webcast

BPM Partners' Annual Webcast Reveals the Year's Top Vendors and Vendor Customer Satisfaction Ratings

ROCHESTER, MI—May 6, 2013—OneStream Software LLC, providing unified Enterprise Performance Management (EPM) solutions for the medium and large enterprise, today announced it was recognized as Best New Vendor of the Year in the BPM Partners Pulse Performance Management 2013 webcast. In the annual webcast, Craig Schiff, CEO of BPM Partners, the leading independent authority on Business Performance Management, discussed essential strategies for budgeting, planning, reporting and consolidation systems. The webcast was hosted by Business Finance Magazine. A replay of the webcast can be seen here: http://www.bpmpartners.com/events_webinars.shtml#Pulse2013

The live session revealed for the first time:
- BPM Partners' core list of performance management vendors for 2013
- BPM Partners' selection for best new vendor and one to watch for 2013
- BPM Pulse 2013 vendor customer satisfaction ratings.

BPM Partners chose OneStream Software as their Best New Vendor of the Year after looking closely at the unique product offering and learning how customers were delivering successful finance solutions to their business with OneStream XF. "We are very proud to be recognized by BPM Partners for our unique offering," said Craig Colby, Vice President of Marketing for OneStream. "BPM Partners has long been a thought leader in our industry and the fact that they recognize the value that OneStream XF brings to the market validates the work we have done to tackle the business problems customers are facing."

"Our consolidation power and extensible solution is a real game changer for medium and large enterprises. In addition to powerful consolidation and reporting, OneStream XF also delivers additional finance collections and analysis to deliver maximum value from their investment," says Tom Shea, President of OneStream Software. "Our experience working in corporate finance allows us to understand that it just shouldn't be that hard to deliver and maintain multiple finance solutions such as budgeting, profitability, reconciliations, or pulse analysis."

"The Pulse of Performance Management 2013 is designed to help participants identify the most successful vendors that match their needs, benchmark their projects and leverage performance management best practices," said BPM Partners' Schiff.
