1. Open lid and locate in tray, set up instructions with numbered panels for the Exhibit. Also in this tray you will find your nodes to assemble your backwall and accessories (lights, counters etc.)

2. The exhibit panels are located underneath the shipping case tray.

3. Remove the tray by lifting with handles located on sides of tray.

4. Remove panels 1 and 2.

5. Using the appropriate nodes (see your set up pages) connect panels 1 and 2.

6. Continue the connecting process till exhibit is built.

7. Attach Accessories. Instructions include in set up pages.

NOTE: For EASY assembly-Remove the panels in numbered sequence. Keep plastic bags on panels for repacking.

SETTING UP YOUR EXHIBIT
