Care You Can Count On

There's No Place Like Home

With rising healthcare costs, patients, families and physicians are looking for alternatives to lengthy hospital stays and emergency room visits.

Lane Home Health has provided excellent in-home patient care since 1984 for patients ages 15 and older.

Our home health professionals are available 7 days a week to provide specialized care that normally cannot be rendered by family members.

Because patients have the right to choose their home health provider, we sincerely hope you choose us, Lane Home Health!
