

WELLNESSWORKSSM

PROVIDING HEALTHCARE SOLUTIONS TO LOCAL EMPLOYERS

WELLNESSWORKS IS A FREE PROGRAM

Lane Regional Medical Center has implemented an occupational health and wellness division designed to work hand-in-hand helping local employers with their many employee health needs, as well as assist employers with controlling costs associated with rising workers' compensation and general healthcare costs.

WellnessWorks is an effort to help industries streamline communications and provide timely access to services.

WellnessWorks has put in place a physician panel consisting of general practitioners and specialists who are interested in helping the local workforce become healthier and more productive.

RETURN TO WORK SERVICES AND BENEFITS:

- Prompt management and communication of injury and injured worker through service coordination, providing all parties involved with the information needed to accelerate the return-to-work process.
- Assist in eliminating workers compensation fraud and abuse.
- Lower workers compensation premiums and injury costs.
- Decrease lost work time and wages.

TAKING ADVANTAGE OF THE PROGRAM

Enrolling in the WellnessWorks program entitles you to certain benefits and is complimentary to all employers courtesy of Lane Regional Medical Center.

Employers are not obligated to utilize all benefits provided and can simply apply parts of the program that fit their needs.

A brief enrollment and implementation process is required to ensure the healthcare providers are informed and aware of the employers' requirements and protocols for handling specific healthcare needs.

THE FOUR BASIC COMPONENTS THAT MAKE UP THE WELLNESSWORKS DIVISION

Injury Prevention Services:

This includes providing on-site safety talks and scheduling physicals, drug screens and breath alcohol testing.

Injury Intervention Services:

Offers a cost-effective and efficient group of healthcare providers to help employers establish return-to-work strategies and minimize treatment time and lost work days.

Service Coordination:

A 24-hour centralized communication hub to assist employers with scheduling and tracking injury cases.

Wellness Promotion:

Helps employers educate their workforce through a variety of on-site services such as health screening events, health risk assessments, disease education prevention and wellness talks.

To take advantage of these free services and enroll your company, please contact Lane's WellnessWorks manager Liz Pardi at (225) 270-5821.
