Enjoy effortless airport check-in

BEFORE YOU FLY

It's easy to plan, book and manage your whole journey with us. And you can take control of your travel through our simple online services.

Plan and book

Choose from over 150 destinations on our route map and start planning your journey. You can find out what to do, where to eat and where to stay using our online destination guides.

Find and book your flights, then add your hotels and car hire with our partners Booking.com and CarTrawler.

Manage your journey

You can tailor your Emirates experience through the Manage section of our website:

- Check or change your itinerary
- Upgrade your seat
- Choose your seat on the flight
- Buy extra baggage allowance
- Choose a meal for a specific diet
- Add hotels or car hire
- Book a baby bassinet
- Book our airport Chauffeur-drive service

And of course if there's anything you need to ask, you can check our FAQs or give us a call.

Baggage allowance

Our standard checked-in baggage allowance is:

- 50kg in First Class
- 40kg in Business Class
- Up to 35kg in Economy Class, depending on the type of fare

You can take two items of hand baggage on board in First Class and Business Class and one in Economy Class. Baggage allowances to and from the Americas

and from Africa have slightly different rules. Check our baggage rules online before you fly.

Online check-in

Check-in online up to 48 hours ahead of your flight and spend more time relaxing in the airport. You can download your boarding pass to print out, or use it digitally on your mobile at many airports around the world. You can check if your airport accepts mobile passes on emirates.com.

If you're travelling light, you can sail straight through to immigration with your hand luggage. Otherwise, you can go to our online check-in desks, or our bag drop counters if you're at Dubai International airport.

Home Check-in

Let us bring the airport check-in process to you, wherever you are in Dubai. Our check-in agents will come to your home, hotel or office, complete the security checks and weigh your bags. They'll print your boarding pass and deliver your bags securely to the airport ready to load on your flight. You can head to the airport later from wherever you are in the city, without lugging around your bags. Book Home Check-in on emirates.com up to 12 hours before your flight.

Choose your seats

There's no cost to choosing your seats when you fly in First Class, Business Class or if you're an eligible Emirates Skywards member. And with certain Economy Class fares, you can select your seat for free. You can also choose a seat when you check-in online, or pay for an extra value seat.

Explore our aircraft in 3D

See what it's like to fly with us before you even board. Use our 3D maps online to explore every travel class on the Boeing 777 and A380, as well as our Shower Spa and Onboard Lounge. You can also try out our virtual seats before you choose where to sit.

CHAUFFEUR-DRIVE SERVICE

Relax into your journey from the moment you leave your door with our airport Chauffeur-drive service.

Let us take care of the driving

If you're flying with us in First Class or Business Class, you can book our complimentary Chauffeur-drive service to and from the airport.

We'll collect you from your door in a luxury car, and when you land we'll be there to drive you to your final destination. That could be to your hotel or office, your favourite restaurant or to the course for a round of golf.

Travel the world in comfort

You can book your Chauffeur-drive airport transfers in over 75 cities worldwide. You can travel within a set distance in each destination, but in some cities you can extend this for a small charge if you want to go further. You can check the distances on [emirates.com](https://www.emirates.com).

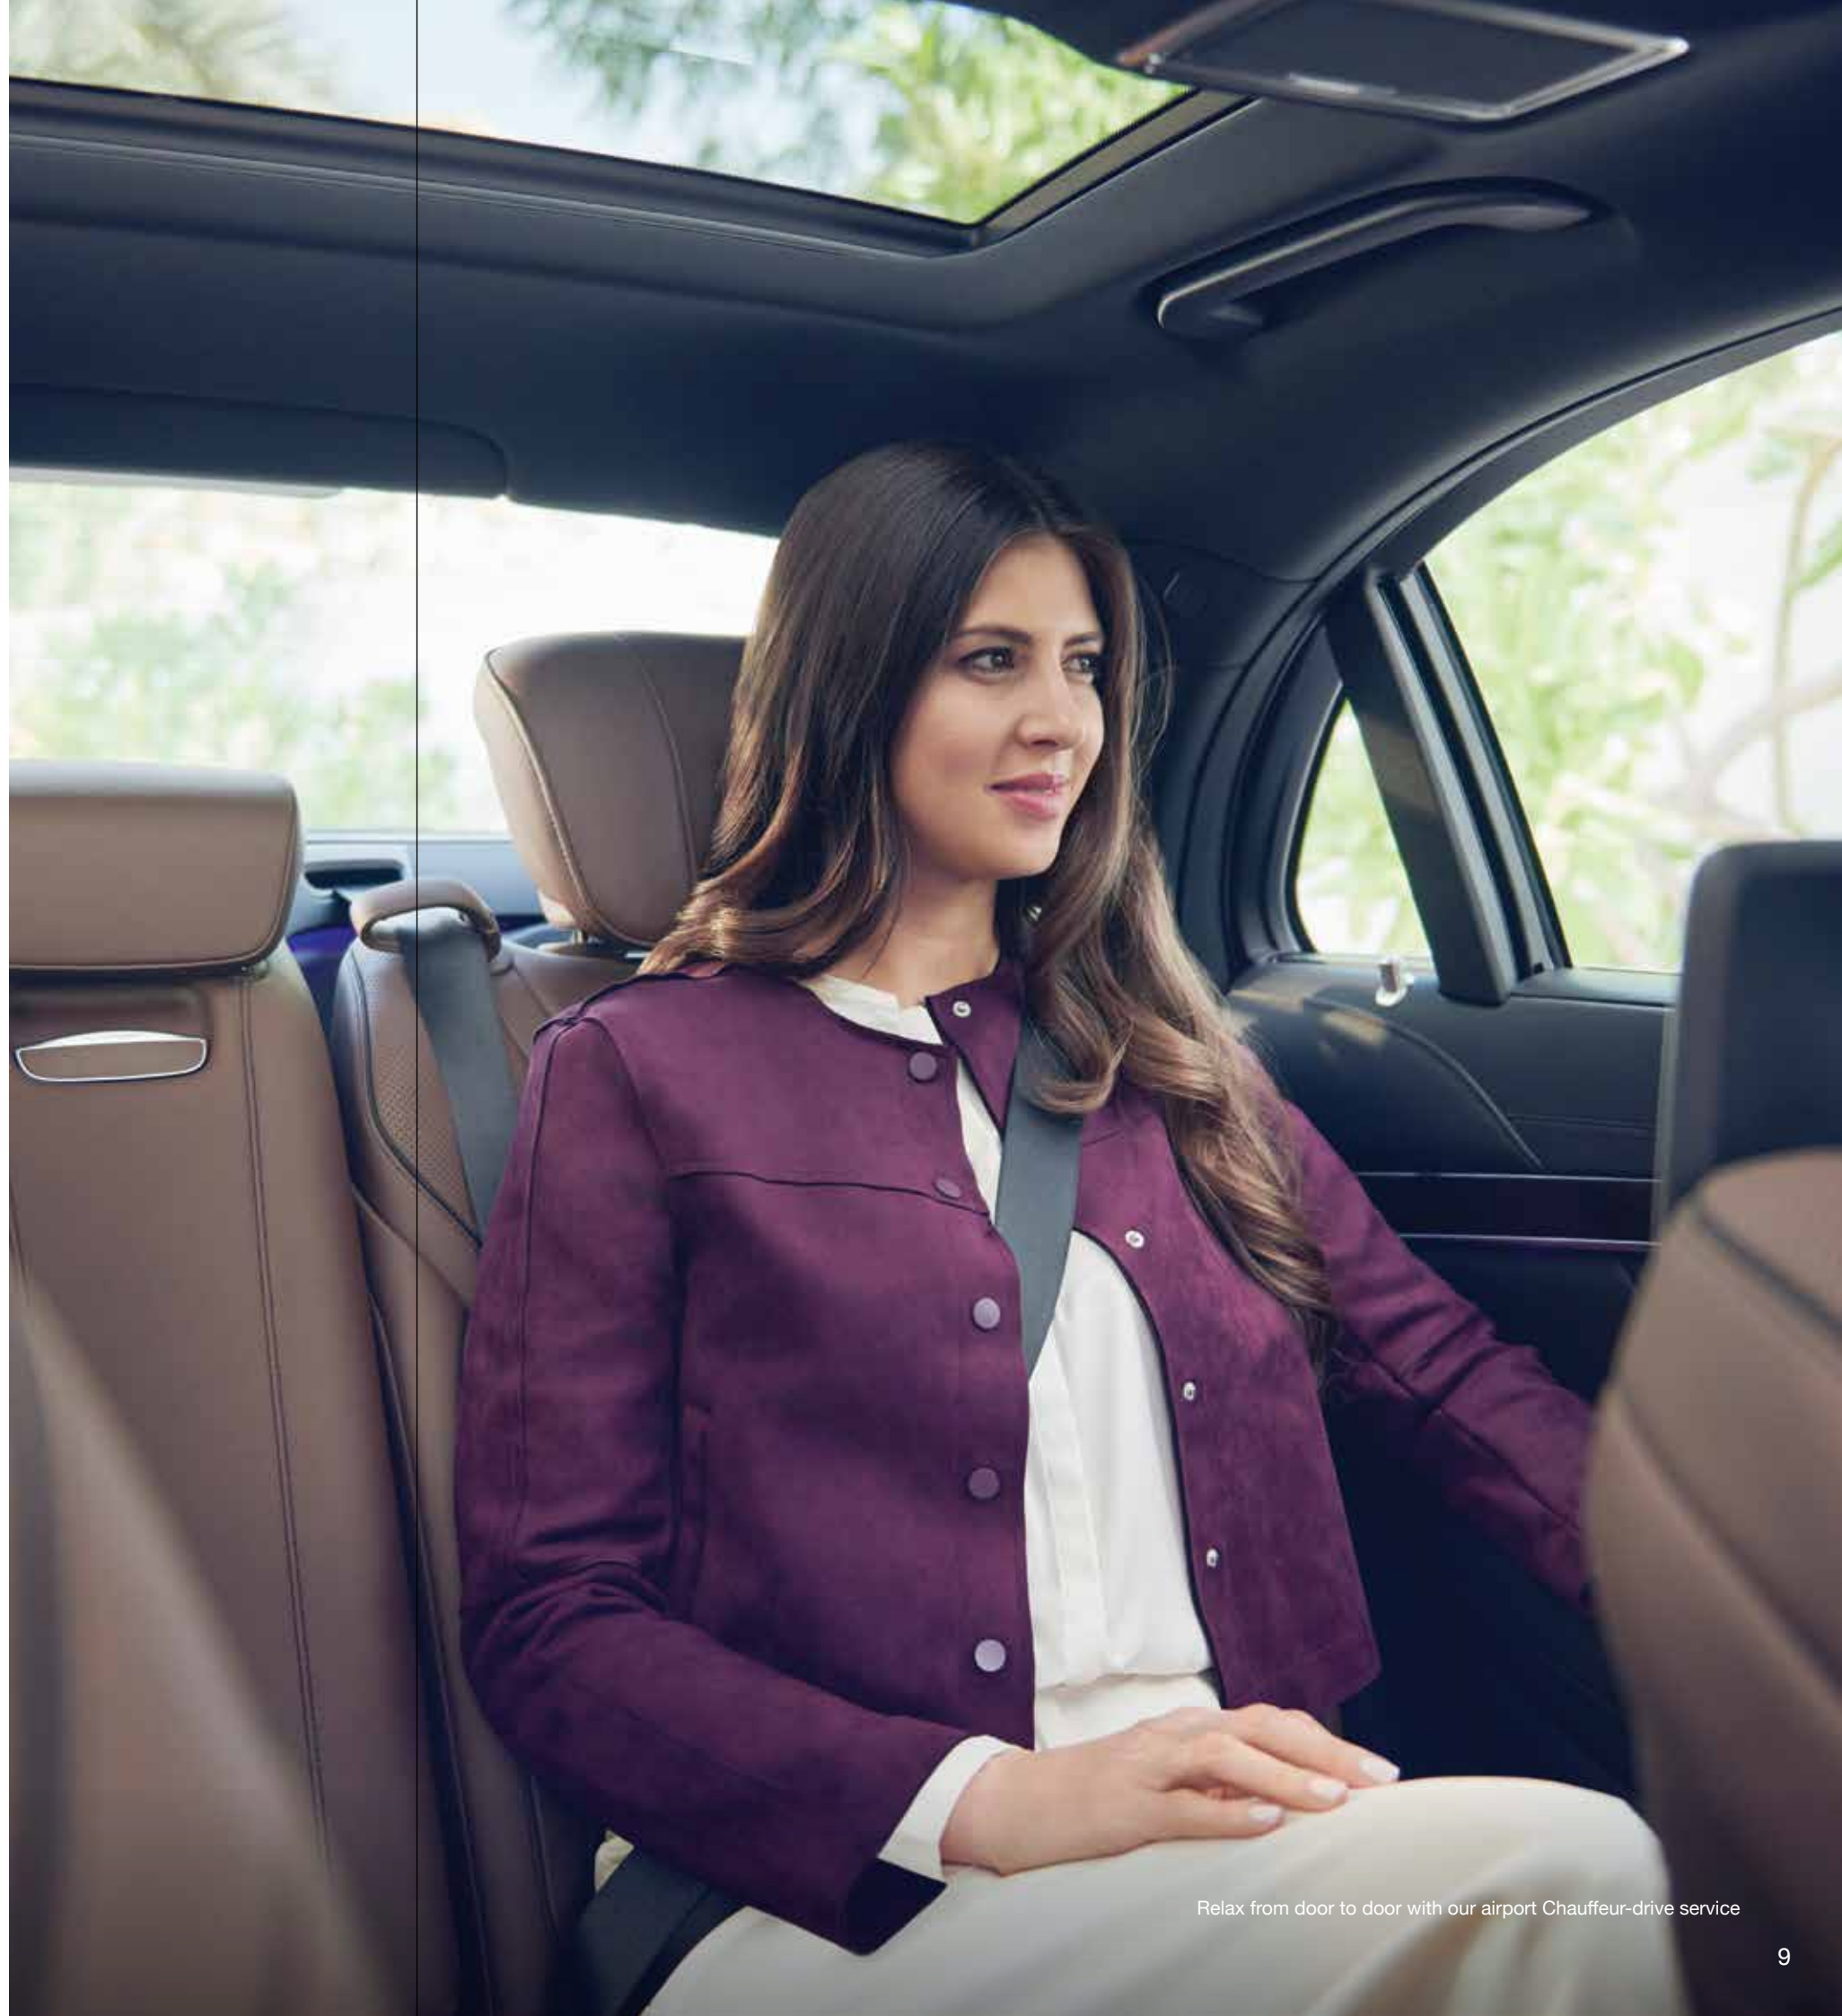

Expect a seamless service

We have high-standard cars and knowledgeable drivers across our destinations. In Dubai, you can travel in our Volvo V70 or BMW 520i Touring Business Class cars. If you're flying in First Class, you can relax in our Mercedes-Benz E200 or S450 and use our free in-car Wi-Fi.

If you're flying as a family or in a larger group, we'll drive you in our spacious Mercedes-Benz V-Class.

Reserve your car

Book your Chauffeur-drive service at least 48 hours ahead of your flight. You can add it to your itinerary when you book your flight, or later through Manage Your Booking online. When you land, check in for your onward journey at our Chauffeur-drive desks.
