

the natural dog company
ALL NATURAL DOG TREATS COLO. USA

6" - 12" ULTIMA STICKS

Ingredients: 100% beef intestine.

Description: This chew is very similar to the Tripas Sticks - Ultima Sticks are made from the large intestine rather than the small intestine. It's got a more of a funky odor compared to the Tripas Sticks, which makes it especially appealing for those finicky eaters. Ultima sticks are on average about twice as thick and dense as the tripas sticks.

Recommended for: Dogs of all life stages, under 30lbs for the 6" length and over 30 lbs for the 12" length.

Chew Time: A quick to moderate chew for the majority of dogs.

Sales Tips: Beef intestine is low-fat, low-carb, high in protein. This chew is clean and non-greasy and will not leave a residue behind on the carpets or furniture. Picky dogs will find this chew enticing due to its natural odor.

Country of Origin: Brazil

Ways to Purchase: Available in a 6 pack bag, in either a 6" or 12" length.

Similar Products: The 6" and 12" Tripas Sticks are made from the small intestine, rather than the large intestine, is about half as thick, and with a less noticeable odor.

Guaranteed Analysis:

Crude protein (min %) 76.6%

Crude fiber (max %) 0.5%

Crude fat (min %) 9.9%
