

2016 Annual Report

Local Matters

Our Vision

Bridging philanthropy with causes that improve Crawford County's quality of life.

Our Mission

As a catalyst, the foundation works to enhance the quality of life for all residents of Crawford County by:

- Offering a flexible vehicle that assures donors' charitable interests and goals are realized.
- Providing support (financial, expert/technical assistance) in response to emerging community needs.
- Partnering with community organizations and collaboratives in support of promising innovations.

A MESSAGE FROM OUR PRESIDENT

Home is where the heart is. It turns out that's more than just an old proverb. In Melody Warnick's book, *This is Where You Belong*, the author discusses the power of place attachment and the natural human need to feel connected and rooted where one lives. As she points out, since 57% of Americans have never lived outside their home state, and 37% have never moved out of their hometown – there's good indication that many of us are content to live where we are. Research shows that when residents have a strong attachment to the place they live, that also results in expectations of future stability and other positive effects on the economy, crime and even depression. Place attachment is definitely worth pursuing.

In 2016, your local community foundation got involved with many local matters which we hope had the extra benefit of making you feel more "place attached" and familial with your Crawford County home. In all, we funded \$311,500 in competitive grants to local non-profits, awarded \$23,000 in scholarships to the college bound and distributed \$274,900 to the schools and non-profits that hold funds with us. That's a total of \$609,400 invested in our community. In addition, we are at the table in discussions about local matters ranging from our health to our economy to our safety. Our community rallied around #Giving2sday like never before: we raised \$111,000 and were awarded the Best Peer-to-Peer Campaign by Network for Good. Your community foundation is definitely place attached!

Also in 2016, I had the honor of presenting the commencement address at the Crestline High School graduation. Their class motto was "Sometimes you will never know the value of a moment, until it becomes a memory." So before it becomes a memory, let me thank the 10 donors who started a fund at the Foundation in 2016. Let me thank the 583 donors who contributed to us in 2016 and helped make all the positive "place makings" happen. And mostly let me thank the Foundation Board of Trustees for allowing me to serve our community through another year.

There is a reason that the Foundation chose for this year's annual report to be in the form of a calendar. First of all, we hope it occupies a prominent place in your office or home so that your community foundation stays top of mind. (If hung on your refrigerator, you can think of us every time you open the door and reach in for that locally grown produce or meat!) More importantly, the calendar features local photographers and local pictures to remind us of what Crawford County offers to make us proud of our home. I encourage you to read Warnick's *This is Where You Belong* and practice your own love where you live experiments!

For all of us to keep improving upon our community, we must keep up the good fight – and by doing so we will all feel increased place attachment. As Theodore Roosevelt cited, "Do what you can, with what you've got, where you are." Or, as songwriter Corrine Bailey Rae sings, "Light a Fire Where You Are!" After all, our community is whatever we think it is.

Regards,
Lisa Workman
CFRE, President

GROWTH OF ASSETS

“The hundreds of actions taken every day by thousands of people living in a city or community help determine the future of that community.”

The Underground Railroad in Crawford County was part of the River-to-Lake Freedom Trail. Crawford County was home to 30 residents willing to aid runaway slaves on their journey to freedom. This trail was one of the most frequently used corridors of the Underground Railroad. Visit the historical marker commemorating these historic civil rights deeds at 500 South Sandusky Avenue in front of Bucyrus City Hall.

The “hog ring” was developed in 1864 by Crawford Countian, Elias Blair. This “swine jewelry” prevented pigs from rooting in the fields. Blair also invented the device used to attach the ring to the pigs’ noses and the machine capable of producing over 60,000 of these rings in a single day.

Liberty Remembers Our Veterans Mural in Bucyrus was created in 2001 by Eric Grohe of Marysville, Washington. Faces of actual Crawford County veterans are depicted in the painting and represent all wars and every branch of service. In 2017, a new veteran's memorial monument was erected in front of the county courthouse.

Crestline - first came the railroad and then the town. It all started in 1850 when a route between Shelby and Galion, a distance of 13 miles, was needed by the Cleveland, Columbus, and Cincinnati (known then as the "Beeline," and later as the Big Four Railroad).

I would encourage any young people planning on going to college to apply for all the scholarships they can. You may live in a small town, but there is a whole community behind you, ready to help you succeed. You won't realize how much these scholarships mean until you are in school, and knowing there were people supporting you through your education will stick with you the rest of your life.

Wesley Wingert
