

## CP Series 90° and 180° Adapters

CP Series 90° and 180° adapters with set screws are especially designed for installations where space restrictions require nonaxial connections between cables and equipment. All adapters come standard with 2.15" length entry pins, weather-sealed joints and allow for entry of a .155 diameter center conductor.

### 90° Adapter

PPC Part #	Pin to Pin Length "A"
CP90	1.0 Inches (2.54 cm)

### 90° Adapter, Extended

PPC Part #	Pin to Pin Length "A"
