

Saint Leo University
Senior Exit Survey 2012-2016
Graduate and Professional Education Results

Source of the data is the 2012-2016 Senior Exit Surveys for University College

The Senior Exit Survey for University College is administered in April to graduating seniors in the University College program. Seniors were asked to complete the paper and pencil survey at the Student Financial Support Center as part of the final clearance procedure for graduation.

Response rates are listed below:

	2012	2013	2014	2015	2016
Total students surveyed	327	360	358	422	443
Total responses	257	298	296	327	387
Response rate	79%	83%	83%	77%	87%

In the survey students are asked about their career plans. Specifically, students are asked whether they are planning to continue their education. Their responses and a list of schools that were mentioned are listed below:

	2012	2013	2014	2015	2016
