

Authenticating to Voice Call as a Factor

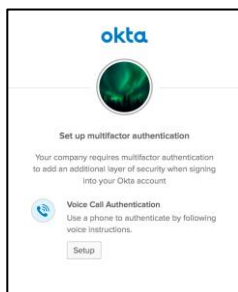

Log into Okta

1. Open a web browser.
2. In the Address bar, type the name of your company Okta organization.
For example: ***abcompany.okta.com***

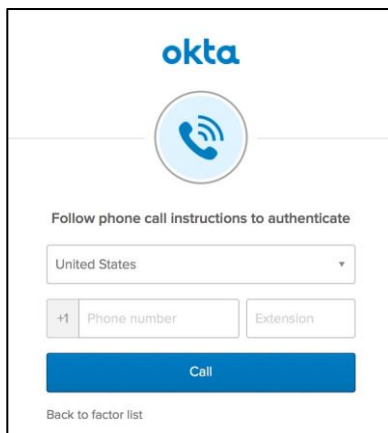

The image shows the Okta Sign In page. At the top is the Okta logo. Below it is a placeholder for a user profile picture. The main heading is "Sign In". There are two input fields: "Username" and "Password", each with a small eye icon to toggle visibility. Below the password field is a "Remember me" checkbox. A large blue "Sign In" button is centered below the form. At the bottom, there is a link that says "Need help signing in?"

3. Type your company issued credentials and click **Sign In**.
4. On the **Set up multifactor authentication** screen, click **Setup**.

The image shows the "Set up multifactor authentication" screen. At the top is the Okta logo. Below it is a circular icon representing a globe. The heading is "Set up multifactor authentication". Below the heading is a paragraph: "Your company requires multifactor authentication to add an additional layer of security when signing into your Okta account." There is a "Voice Call Authentication" section with a telephone icon and the text: "Use a phone to authenticate by following voice instructions." Below this is a "Setup" button.

5. On the **Setup Voice Call Authentication** screen, enter the telephone number.

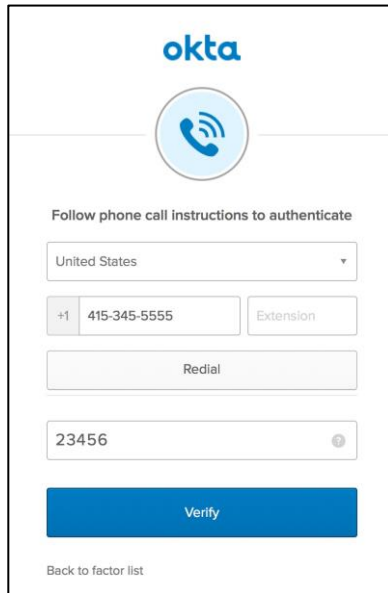

The image shows the "Setup Voice Call Authentication" screen. At the top is the Okta logo. Below it is a circular icon with a telephone handset. The heading is "Follow phone call instructions to authenticate". There is a dropdown menu currently showing "United States". Below that are two input fields: "+1 Phone number" and "Extension". A large blue "Call" button is centered below the form. At the bottom, there is a link that says "Back to factor list".

6. Click **Call**.

Verification of the Phone number

7. Answer the call for the number that you provided above
8. Enter the code that is given

The image shows a screenshot of the Okta phone verification interface. At the top, the Okta logo is displayed in blue. Below the logo is a circular icon containing a blue telephone handset with signal waves. The main heading reads "Follow phone call instructions to authenticate". Below this heading is a dropdown menu currently set to "United States". Underneath the dropdown are two input fields: the first contains "+1 415-345-5555" and is labeled "Extension" to its right; the second is empty. Below these fields is a "Redial" button. Further down is a text input field containing "23456" with a small question mark icon to its right. At the bottom of the form is a large blue "Verify" button. A link labeled "Back to factor list" is located at the very bottom of the interface.

9. Click Verify.
