

FINANCIAL CONTROLLER OF ENERGY BUDGETS (BELGIUM)

Who are we?

E&C Consultants are an international energy procurement consultancy. Our clients are the biggest industrial and professional companies all over the world.

You will become a part of the Financial Controlling team – area of the E&C Group providing data management and financial controlling services to all clients all over the world.

Although we serve more than 200 clients in all continents, we remain a small, young and dynamic entrepreneurial company, where vision, ambition, people, team work and continuous development and growth are what counts the most.

What will you do?

- You will be based in our office in Kortrijk, Belgium
- You will be working with data of international clients around the world regarding energy consumption and cost with the aim to support clients in saving money / spending less money on energy – by checking validity of invoices, monitoring spends vs. budget, evolution of energy consumption, capacity/tariff optimization, etc.
- You will have your own portfolio of clients and become an expert in financial controlling of energy data,
- You will be working closely with consultants to provide the highest quality of service to our clients,
- You will be responsible for setting up and updating energy budgets for our clients,
- You will coordinate with other team members provision of financial controlling services to international clients as a single point of contact,
- You will follow up on different energy price parameters in different countries.
- You will be responsible for developing and preparing various energy data reports for our clients.

Who are we looking for?

- You have 6+ years of experience in financial controlling/audit/accounting/analysis or similar
- Experience in energy industry will be a plus
- You are excellent at creating and working with advanced Excel sheets
- Your professional English is at a high level
- Accuracy and detail-focus are your main characteristics
- You are eager to learn, and you learn quickly

What do we offer you?

- Empowerment and responsibility assumption, no micromanagement
- Fast-paced environment, hence, full of opportunities to grow and learn
- Trainings and development plans
- Hearing out your ideas and solutions
- Non-hierarchical environment and a flat management structure
- English used for everyday work

To apply please send your CV in English only to hr@eccc.eu
