

ReadAround™
Vocabulary Development

Lesson Goal:

Earn 7-10 points to demonstrate Word Mastery of a vocabulary word. Earn 60 total points to complete the *ReadAround*™ lesson.

Level Goal:

Complete a *ReadAround* level by demonstrating Word Mastery of at least 180 words out of 200 words on the level.

Actions to Achieve Goals:

Students complete *ReadAround* lesson activities to earn points toward Word Mastery and lesson completion. Students must earn between 7-10 points in the first two *ReadAround* activities to demonstrate Word Mastery. Points earned in the first two *ReadAround* activities are applied toward both Word Mastery and lesson completion.

If a student does not earn at least 7 points in the first two *ReadAround* activities, he or she will be required to complete a third activity. Points earned in the third activity do not apply toward Word Mastery, but they do count toward lesson completion. The student will continue completing *ReadAround* activities until he or she reaches 60 total lesson points.

Word Mastery points do not carry over to a new lesson. In other words, if a student earns between 1 - 6 points toward Word Mastery, these points do not carry over to future *ReadAround* lessons with the word.
