## SMART START

Smart Start is a beginners plan for fitness that is based on scientific research. Follow this simple approach to guarantee that your first steps to fitness are not your last.

**Start Slow**— don't push your body too soon. It's ok to stop working out when you've had enough.

**Build Gradually**— aim toward completing full workouts as your fitness builds.

**Mix It Up**— mix strength, cardio and flexibility training options and learn what workouts consistently motivate you to get moving.

### Aging Athlete (60 min. - Level I-III)
