

# STORAGE TANKS

## Thermal Energy Storage

Fisher Tank Company provides engineering, fabrication and construction for field erected welded steel Thermal Energy Storage tanks.

We provide TES tanks with custom fabricated internal diffuser systems for a variety of applications, from chilled water storage for large data centers to storage tanks for combined heat and power (CHP) facilities. Welded steel TES tanks from Fisher Tank Company provide economical, reliable energy storage.

We've been building tanks since 1948.

Depend on us.
