

Wixie Certified Educator Checklist

The Wixie Certificate Program is designed to provide educators with an opportunity to demonstrate their expertise and understanding of meaningful learning with Wixie.

Step 1 - Use Wixie's tools

- Use the authoring tools in Wixie to create one of the [Creative Educator lesson plan projects](#) in the role of a student. As an alternative, implement this project with your students.
- Write a paragraph reflecting on your experience with the lesson and using Wixie as a student.

Step 2 - Write a Wixie lesson

- Review [Webb's Depth of Knowledge](#).
- Create a lesson plan at Webb's DOK level 2 or higher using the Creative Educator model of Engage, Create, Share ([Google Doc](#) or [PDF](#)).

Step 3 - Create a Wixie assessment

- Learn how to use [Wixie's Assessment tools](#).
- Create a rubric- or checklist-style assessment for the learning artifact in your Wixie lesson.

Step 4 - Create a high-quality example

- Create a high-quality example of student work that meets the expectations of your rubric or checklist. As an alternative, implement your lesson in your classroom and share a student-created learning artifact from your lesson.

When the tasks above are complete submit your work

Use this [form to submit](#) links to Wixie samples, your lesson plan, and reflections.
