

## INCENTIVES

## ENERGY EFFICIENCY

**WINDOW**

A transparent opening constructed in a wall that allows the passage of light and, if not closed or sealed, air and sound. Windows may be glazed or covered in some other transparent or translucent material.

**Customized Solution**

Items eligible for Customized Solution incentives are shown below.

SOLUTION CODE	SOLUTION DESCRIPTION FOR WINDOW	INCENTIVE	
		\$/kWh	\$/kW <sup>†</sup>
BE-78594	Efficient windows - weatherization	\$0.12	\$150
RF-90876	Refrigerated Space Shell Improvements - Weatherization	\$0.12	\$150
NA-30864	Other non-lighting (not approved for payment)*	\$0.12	\$150

**BUILDING SHELL IMPROVEMENTS**

The outer shell, or the elements of a building such as walls, floors, and ceilings that enclose conditioned space. Properly designed, the envelope can minimize the gain or loss of heat and moisture.

**WINDOW FILM**

**Window film applied to windows reduces heat transfer through single-pane windows to reduce the load on vapor-compression air conditioning systems.**

**Customized Solution Qualifying Questions**

**YES** The answer should be "Yes" to every applicable question in a solution category for a project to qualify for that rebate.

- Does the film have a minimum five-year manufacturer's warranty?
- Is the space cooled by vapor-compression air conditioner? Evaporative-cooled space is not eligible.
- Is the film installed on clear single-pane glass?
- Does the film have either a solar heat gain coefficient less than or equal to 0.39, or have an SHGC less than or equal to 0.47 and visible transmittance/solar heat gain coefficient ratio greater than 1.3? To convert shading coefficient (SC) to SHGC, use the following equation: SHGC = SC x .97 Submit manufacturer specification sheet and/or NFRC specifications documenting eligibility.
- If the window film is applied to windows with existing film, does the installation meet the following requirements?
  - Existing film will be removed before new film installation
  - Existing film has been installed for at least 13 years
  - Documentation is provided providing the 13-year minimum age

Note: Invoice must include dimensions of windows. Please submit a copy of the warranty with the application

**Customized Solution**

Items eligible for Customized Solution incentives are shown below.

SOLUTION CODE	SOLUTION DESCRIPTION FOR BUILDING SHELL IMPROVEMENTS	INCENTIVE	
		\$/kWh	\$/kW <sup>†</sup>
BE-19812	Window film - weatherization (below code)	\$0.06	\$150
BE-60912	Building shell improvements <sup>1</sup>	\$0.12	\$150
NA-30864	Other non-lighting (not approved for payment)*	\$0.12	\$150

<sup>1</sup>Customized Solutions excludes incentives for reflective roof (a.k.a. cool roof) and green roof installations.

\* This solution code is not approved for payment. Once reviewed, if the technology is eligible, it will be assigned a solution code (which may be new or existing).

For complete terms and conditions, go to [sceonlineapp.com](http://sceonlineapp.com). Please refer to the "What's New" section of the Online Application ([sceonlineapp.com](http://sceonlineapp.com)) for additions, deletions and other changes to solutions and eligibility requirements since the publication date of this document (print or online).

<sup>†</sup>. kW incentive applies. Refer to the Appendix: Eligibility requirements for incentive qualifications and detailed calculations.
