Students' Lunch Account Payments

Dear parents,

If you are using the online payment for your student's lunch account, please allow 48 hours for it to appear on their accounts. If they will go into the negative before the funds are there, please send money with them to cover the items they are purchasing. The online payment is available at "myschoolaccount.com". They accept money from a checking account and will not use credit/debit cards.

If you have more than one student and are writing a check, you can write one check and note on the memo line how you would like it divided. Also if your student has a different last name than the name printed on the check, please include the student's name on the memo line. Students should drop off cash/check for their lunch in the school office before going to their Advisory.

Thank you!
