

MEDICAL EQUIPMENT ID TAG

Owners Name:

This Medical respiratory equipment must be kept with the person at all times. It cannot be stored and is not counted as carry-on luggage. This is life support equipment for people with OSA (Obstructive Sleep Apnea)

TSA (Transportation Security Administration) states: "Carriers shall not, in implementing their carry-on baggage policies, count toward a limit on carry-on items any assistive device brought into the cabin by a qualified individual with a disability"

14 CFR Section 382.41(c)
