# The new table trends for staging your ideas

Visited fantastic places. Saw fantastic things. Loved the fantastic food. Guests today have more experience with the world's culinary arts than ever before. To awaken the longing to taste and try your own culinary statements demands infinitely more than is found in traditional table settings on starched, white tablecloths.

**PLAYGROUND is here - the game is on.** An open range packed with exciting pieces and accessories. Collected from every corner of the world or exclusively designed and realized with you in mind. A collection of refreshing accents, surprising eye-catchers and amazing stages for completely new ways of presenting fine foods. As an inspiring addition to your existing repertoire and an ideal playing field for the latest trends. Stoneware, wood, stainless steel, polyester, leather, marble and glass join with porcelain as perfect team mates to create harmonious table settings. Welcome to the playground of gastronomic freedom!

## Harmonious Worlds of Color

Exciting fusions of exquisite materials. Emotive settings for dishes that make clear statements. LAVA stoneware and the cast iron pot add cool, metallic and earthy effects to the scene. Subtle contrasts: the natural warmth of leather placemats and wooden menages.

**A PLAYGROUND exclusive:** LAVA stoneware with a special glaze. Unusual visual and tactile impressions result from a mixture of rough and smooth surfaces.

# New breaks

Breakfast, snacks, desserts or teatime delights - delectable moments can be imaginatively presented and served as entertaining vignettes. Such as a rediscovered custom: slow-brewed coffee. Hand-brewed at the table, the black 'pick-me-up' trickles slowly into the coffee pot to the delight of the guests. *The luxury of slowing down.*

A sign of respect and appreciation: present the bill in perfect style with ANANTI. Elegant leather inlay in the colors of the latest trends.

*Discover the persuasive powers of combination.*

The amalgamation of noble materials transforms a simple teatime into a tea ceremony. Greetings from a Japanese teahouse.

**LONG-LASTING HAPPINESS.**

The colorful palette of finest quality coasters made entirely from recycled leather and natural rubber is easy to clean and ideal for setting vibrant accents in any table setting.

**COOL AND CASUAL FRESHNESS CAMPAIGN.**

Improvisation? It only looks that way: carafe with a removable clip lid. Italian design. For fruity refreshments, salsas or dressings.

# Local heroes

The return of regional and local cuisines. Standing against the tidal wave of globalization. Traditional specialities, recipes and cooking methods, typical to particular countries and regions. Grown, harvested, prepared and cooked in the old, familiar ways. Identity that can be felt. Origins that can be tasted. *Simply good.*

# Showcases of delight.

Regional delicacies presented as finest culinary delights under fine glass cloches. The renaissance of delicate extravagance. Their crystalline clarity harmonizes with every base: whether in natural, unfinished slate, finest porcelain, marble or rustic stoneware with colored glazes.

## Luxurious Minimalism

Marble is back! Natural majesty in combination with informally arranged foods. Anyone wishing to recall the luxurious flair of antiquity and its favorite stone for staging their finest cuisine can combine CELLS with white marble inserts, for example when serving fresh oysters.

*Attractive dialogues arise from the interplay with finest quality porcelain bowls.*

# Points of view

A new architecture of presentation. Portioned delights at various heights. Superbly crafted, small terraced stages, purist presentations, opulence, unusual materials or designs. Be courageous: striking interpretations lend your concept a unique and distinctive style. *No limits!*

**DIVERSITY IS THE NAME OF THE GAME.** ANANTI oak menage in dialogue with NARA stoneware. The proof that stoneware can make a glorious showing in fine dining scenarios. Clever combination with leather placemats in natural shades creates captivating scenarios. All in exclusive PLAYGROUND design.

#### UNUSUAL ARRANGEMENTS.

Colored tableware inspires new perspectives. NARA stoneware plates with trendy craquelé glazes. In three earthy shades or in black, with a look reminiscent of cast iron.

Can the conservation of resources go hand-in-hand with aesthetics and functionality? The stylish PLAYGROUND placemats prove that it can in an elegant interplay of recycled leather and natural rubber.

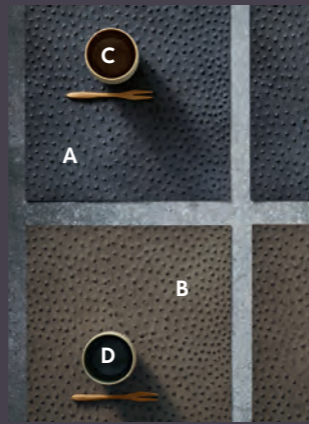

#### RICHLY CONTRASTING FACETS.

The licence to orchestrate sweet desserts with a masculine touch. A tumbler and a swing top bottle in mirrored glass stand in dialogue with the silver-grey of a platter in slate.

### CLEANING AND CARE INSTRUCTIONS

#### STONEWARE

Within our assortment PLAYGROUND, all articles made of stoneware are dishwasher safe, heat-resistant, suitable for microwave and freezer.

Due to the surface texture of some stoneware products, metal marking can occur. This metal marking can easily be removed with an appropriate cleanser and does not impact functionality and hygiene in any way.

#### GLASS

All glass items are dishwasher safe and – after removing metal holders – microwave safe.

The silver coating on some of the glass items is food-safe and scratch-resistant. It protects beverages / oils / spices etc. from UV radiation.

#### WOOD

Wood is a natural product, whose shades of color can vary.

All wooden articles of our PLAYGROUND collection are neither dishwasher nor microwave safe. Please clean the wooden items with a damp cloth only.

Our wooden articles are properly sealed with a food-safe oil. If necessary, linseed oil can be used for a retreatment.

Products made of bamboo can be cleaned in mild, warm soapy water.

#### MARBLE

As marble is a natural product, deviations in structure and color are possible.

Items made of marble are not dishwasher safe and may not be used in the microwave or oven.

Please clean these items by using pH-neutral detergents and warm water only.

Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface of the marble product.

#### POLYESTER

The platters with a polyester core are also food-safe, BPA-free, hygienic, neutral in odor and taste and suitable for dishwasher and freezer, but not to be used in a microwave or oven. The platters' top and bottom have a textured surface in a natural wood or slate look. This texture improves the grip.

These platters have an extraordinary chipping and scratch resistance. We grant a 5-year chipping guarantee for these products. The temperature resistance ranges from -50°C to +140°C.
