

# SEQUENCE

THE BUFFET CONCEPT. INNOVATIVE. FLEXIBLE. UNIQUE.

# THE ART OF SERVICE

## **SEQUENCE – BOUNDLESS CREATIVITY FOR YOUR BUFFET CONCEPT.**

The perfect symbiosis of design, variety and certainty of investment. As an attractive alternative to traditional gastronomy (GN) systems, the unique trapezoidal shape of the 45-piece collection is impressive, highly individual and easy to handle in daily use. There are no limits to the creative design of the tables and platters – whether arranged together, individually staged or combined with other HEPP buffet solutions.

## **A MODULAR BUFFET CONCEPT. CAN BE ADDED TO AND RE- ARRANGED ANY WAY YOU LIKE.**

Enjoy the artful compilation of dishes, platters, bread baskets and compartments, enhanced by material combinations in wood, porcelain, stainless steel, Corian® and fabric. Flexible use of space and convenience when serving food is provided by the varying heights of the steel frames and platforms. Last but not least, we rise to a new level and complete the range with four new stands.

## PERFECTLY THOUGHT OUT BUFFET CONCEPT.

Setting L in combination with frame M and S form a square (the same applies to frame M in combination with S and XS) – thereby restoring symmetry.

GN 1/1 slots neatly into the overall system when, for example, two M frames line up to fit the GN 1/1 format.

Breadbasket with fabric insert available in sizes L, M and S can be hung in the respective 70 or 100 mm frames.

Ice tray in various sizes. Cooled using ice cubes or cooling batteries.

The four new stars among stands in different sizes and shapes by HEPP. Fruit, snacks or sweets can be beautifully served on these exquisite stands.

Wooden or Corian® platforms available in two sizes and heights show off your culinary delights.

Wooden or Corian® platters and porcelain bowls in various depths and sizes can be inserted into steel frames in sizes XS through L to GN.

## AS VARIED AS YOUR BRUNCH BUFFET.

Temptation at the buffet... SEQUENCE catches the eye and stimulates the palate. This intelligent buffet concept sets new standards in food presentation. This completely innovative combination of trapezoid modules will give a great sense of vibrancy throughout your dining rooms. As you would expect, all the individual pieces are compatible, giving your staff plenty of freedom when creating table combinations.

# SEQUENCE – BOUNDLESS FREEDOM.

A breakfast buffet is a piece of poetry: Butter up your breakfast. Seize the day. How do you like your eggs? The day only starts with your first coffee. SEQUENCE – creative design for a flexible buffet, set with joy and color, and with small statements. The dishes are made from varied materials giving you complete freedom of expression when designing your individual breakfast centerpiece. A composition full of freshness and energy. For lively guests, sleepyheads and smiling sunbeams. SEQUENCE turns your buffet into a real experience!

## STYLISH ARTISTS FOR ANY TIME OF DAY.

There are no limits to the variety of presentation options for your food. Neither creative nor culinary. The clever compatible pieces in the SEQUENCE range allow you to make the most of your buffet, even in the smallest of spaces. Shallow and deep, large and small – this buffet collection can be combined in a variety of stylish ways and used to create striking centerpieces that will inspire your guests. And for even greater visual impact, the modular collection can be added to and rearranged in any way you like. Perfect!

## SEQUENCE REINVENTS THE EVENING BUFFET.

With a clear aesthetic statement and a delicate touch, SEQUENCE has all the qualities of a timeless classic. Here, trapezoidal shapes form an exciting synthesis of different materials. This interplay of forms unfolds into an exciting sensual charm, becoming the new favorite at the evening buffet. The collection is characterized by its extraordinary details, versatile modularity and sophisticated materials.
