coffeelings

The bowllike, coiled, affectionate curves of its handles coupled with the slender and elegant body of the hollow parts give Coffeelings a striking effect.

The flexible elements and cup shapes of the *Coffeelings* range present you with the opportunity to celebrate the enjoyment of coffee drinking in style.

solutions

Coffee is an expression of urban lifestyle, and is enjoyed in many variations. At breakfast in hotels, after dinner and, of course, in bistros, coffee shops and bakeries. And often, a coffee break is extended to become a meal between meals. *Solutions* is the answer to this trend. An extraordinary coffee concept that includes unusually styled flatware for the presentation of small snacks. *Solutions* can be smoothly integrated into the familiar Tafelstern modular system.

introducing...

Buffet to your own beat.

WMF Quadro. The new buffet system.

Everything in Gastronorm format. For unlimited options. No buffet is the same as another. Which is why WMF Quadro has taken a fresh approach to the buffet. The key to individuality is to consistently implement the Gastronorm standard. Everything becomes possible as all of the parts are just as functional. Just as intuitive. Just as modular. This allows a new freedom for your system. Your beat. And your own incomparable, total composition.

A buffet means a pinpoint cycle. With exact transitions. Precise organisation of the procedures. Maximum synchronisation in a perfectly practised rhythm. WMF Quadro takes up this rhythm. And prepares a modular and highly efficient stage for your kitchen.

The inserts. Made of white porcelain. 20 or 65 mm high. In a wood look, grey glass or satin glass. Bread basket insert 80 mm high.

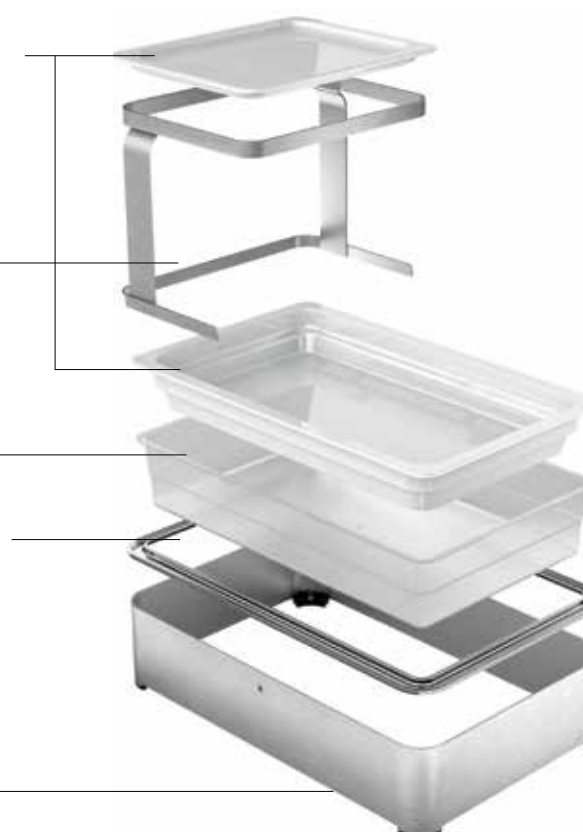

The top frames and consoles. Optional. In various sizes.

The ice pan. Optional. 55 or 100 mm high.

The adapter frame. Made of metal. Optionally as LEDlight unit made of matt acrylic glass.

The frames. Made of stainless steel. 80 or 130 mm high.

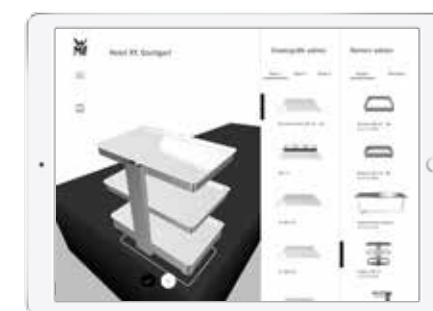

Whether a breakfast, midday, dessert or evening buffet, WMF Quadro makes it particularly easy to set up. It takes just a few touches to get single modules and combinations ready for use and this can immediately be reproduced.

Straight to your own buffet stage. With the WMF Buffet configurator.

WMF Quadro makes it all easier. Even getting to know it. Your WMF partner has a mobile version of the WMF buffet configurator and will bring it along to offer you advice on your premises.

The rest is really quick. Define the size and shape of your tables, specify the 3D modules for your buffet, combine and change them as you wish, export – done.

For more information, please contact your local representative.
