PLAYGROUND

2020

**WHAT IS PLAYGROUND?** *It's an invitation to mix and match and a broad palette of inspirations to set the stage for your cuisine in uniquely different and exciting ways. Enjoy! An overview of all articles on this page can be found on page 81.*

# The new table trends for staging your ideas

Restaurant guests around the world now whip out their mobile phones as soon as their food arrives. At least if the plate's culinary presentation is aesthetically pleasing and inventive enough to reap new "likes" on social media! This is surely a strong incentive for chefs to enjoy some creative experimentation, staging their culinary ideas in a manner that is even more captivating and appealing to the camera lens.

**This is where PLAYGROUND comes into the picture!** Join in with the latest trends and be Instagram-ready with cool items and accessories, designed exclusively and collected all over the world. Used as a solo piece or as an exciting addition to porcelain.

# Black Magic

---

When night falls, our eyes, ears, and sense of touch are in a state of alert. The darkness hones our senses, sharpens alertness, generates curiosity. Daring chefs discover this goose bump effect with their striking new creations. Presentation surfaces which are black or darkly-coloured highlight reduced colour compositions. Those feeling very courageous take black magic to extremes, experimenting with black food on black stoneware.

#### INDUSTRIAL STYLE

A cool, cast-iron look – that's what COAST & COUNTRY is all about. The serrated plateau acts as a lid or as a small plate. A service-friendly highlight: both the oval platter and the round plate include a central bar, making sure that the bowls and plateaus made of stoneware and wood sit nicely on top.

For total flexibility, 2in1 combines a minimalist design with an innovative dual function: glazed on both sides, this plate can be used as a flat or a deep plate, depending on which side you have facing upwards.

# Basic Instincts

*An absolute must-have for modern presentations. Each item is unique. The powerful Glow collection has an appealing intensive red effect glazing interspaced with anthracite-coloured highlights, as well as soft design lines and thick shards. You couldn't make more of a statement.*

### SPOTS ON!

The speckled glaze and textured surface on NARA plates and bowls borrows from natural motifs.

***Black Beauty:** Classy ORIGIN stoneware masters the art of understatement. A small stylistic extravagance can be seen in the subtle curve on its rim. The dark glaze complements every food presentation with a silky matte sheen.*

# Separate Ways

The new COAST & COUNTRY stoneware plate in cast iron-look results in absolute clarity. The integrated bar visually separates different foods from each other, as well as preventing sauce or jus from spreading across the plate.

**THE DARK SIDE OF THE MOON**

The minimal design of NARA plate in black inspires new perspectives.

**A GREAT IDEA!**

With elevated draining grills, COAST & COUNTRY makes every barbecue an experience to sink your teeth into. Grilled and fried food stays crispy for longer, as does the breadcrumb coating on the schnitzel. Yet there is still plenty of surface area to cut as usual.

*With its irregular, extensive relief structure, BRUSH captures hearts by storm. Its simple beauty results from the use of coloured masses, available in three different earth tones. An ideal starting point for exciting creations.*

**BLACK IS BACK:** COAST & COUNTRY bowls, with their laid-back finish, reflect the current trend for casual meals in bowls with cool elegance. The simple design of the bowls enables a variety of combinations.

#### THE LITTLE BLACK NUMBER

The sleek and textured handleless mugs from the successful NARA range provide a modern take on the little black pick-me-up. Newcomers to the range are the small espresso cup and the simple saucer which, with its distinctive rim, creates the illusion that the mug is suspended in mid-air.

# HUNTERS & GATHERERS

A counter-reaction to increasing urbanisation is the yearning for a simple, natural life. Modern hunters and gatherers in the kitchens worldwide are exchanging exotic delicacies for more familiar produce from fields, forests and meadows. Roasted pine cones, deep-fried lichens and dried mushrooms inspire the chefs, as do roots, berries and herbs to accompany freshly-caught trout from the nearby river.

An overview of the articles in this chapter can be found from page 85 onwards.

#### DOWN UNDER

*In the garden and by the wayside there are traditional fruit and vegetable varieties to discover that had, before now, fallen into oblivion. A striking contrast to this rural charm: the cool clarity of the 2in1 collection. The stoneware is crafted like handmade pottery and displays a staggering level of versatility, since it can be used in two ways – for example, as either a bowl or a plateau plate.*

#### MARBLE IS BACK

*The small cruet stand presents the ancients' favourite stone together with wood.*

#### FRESH FROM THE BUSH

*For delicious nibbles, old and new varieties are presented with their panicles. Served in a 2in1 Bowl or on the glazed lower surface.*

# Fields, Forests, & Meadows

*Freedom for the more sophisticated. Once you have overcome your initial reluctance to freely combine very different items, materials, colours and shapes, PLAYGROUND opens up a new, exciting world. Elegant white porcelain also makes its statement in this cheerful mix.*

#### INTERESTING PAIRS

The Gourmet Bowl made of oak with a marble lid lends even simple dishes a touch of class.

#### SET THE STAGE

The ridges of the NARA platter adds visual intrigue and texture to the presentation.

Designed exclusively for

#### HANDS ON

The surface of CARVED appears to be roughly chiseled. The artisanal elegance of these striking stoneware plates with their silky matte, dark brown glaze makes them the perfect foundation for honest meals.

Designed  
exclusively for

*Deceptively spacious: The ANANTI offers space for various possible uses. Pictured here with a marble platter and a stoneware rice bowl: on the outside are iridescent shades of brown, while the inside boasts a craquelé glaze in vibrant turquoise. A fine addition: the new hardwood chopsticks.*

**AN ELEGANT FRAMEWORK  
FOR A SIMPLE DISH**  
Plainly speaking: the NARA stoneware plate with its black, shimmering glaze.

#### GETTING ELEVATED

The LOFT wooden presenters in walnut reference the simplicity of the traditional shaker style. They display exciting material combinations: vinegar and oil in glass bottles, and classic white porcelain.

#### DELICATE BEAUTIES

Fine vases made of borosilicate glass, grounded by a base made of felt.

Designed  
exclusively for  
PLAYGROUND

#### HAPPY WITHOUT A HANDLE

NARA stoneware mugs and new espresso cups in relief and with a smooth design – available in different colours. Feel free to mix and match!

#### MODERN RUSTICITY

Freshly-brewed herbal tea is the perfect accompaniment to a meal. The warm appearance of the wooden teapot warmer complements the coolness of the stylish cast-iron teapot.

# Off to The Countryside

*A rural breakfast. An appetising spread, as if randomly gathered at a buffet. A casual combination of wood, glass and white porcelain. Fresh, natural ingredients. The delicate LOFT presenters are made of oak and fuse the familiar simplicity of the shaker era with modern design. Stylishly simple carafes and stackable bowls made of heat-resistant borosilicate glass draw our attention to the effortlessness of the arrangement. Bread bags made of sustainable, natural material in a timeless shade of charcoal create a casual feel.*

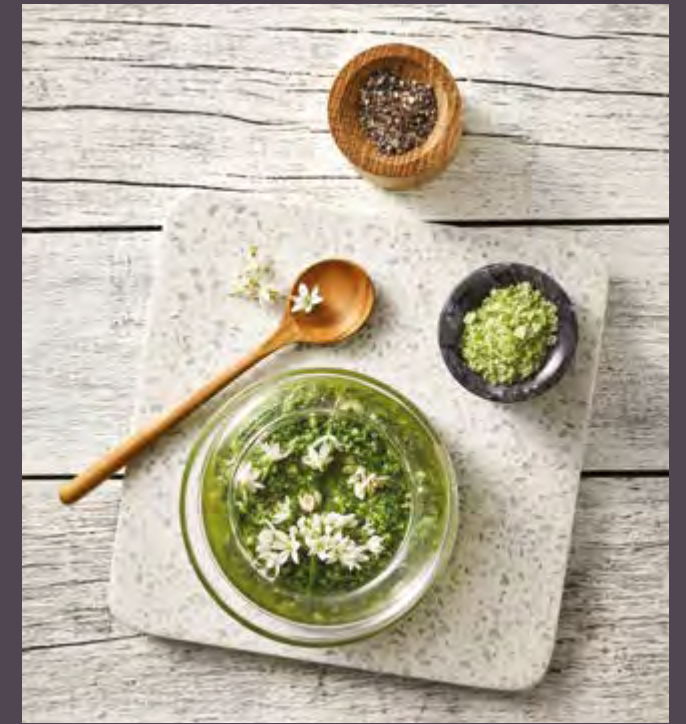

# COLLECTIVE JOY

The sheer simplicity and natural colours of 2in1 set the stage for berries and leaves from the forest and the garden. A blissful contrast to creamy burrata.

Designed exclusively for

## HARVEST FESTIVAL

Fresh from the vegetable patch: roots, herbs and berries are exhibited with leaves and stems. The stages: CARVED stoneware. Stackable glass bowls on terrazzo tile. Unique stone bowls, each hand-carved or the STELLA stoneware plate with relief.

Designed  
exclusively for  
PLAYGROUND

*Keep it simple. NARA bowls incorporate the characteristic relief of the platters on their outer edge.*

#### HOME SOIL

The serving board made from acacia wood, with its nostalgic air and softly curved edge, conveys a sense of comfort. Nettle soup is served in glass jars that are reminiscent of traditional preservation methods.

#### MAD SCIENTIST

Small glass plates of various sizes, reminiscent of Petri dishes, invite chefs to indulge in a spot of culinary experimentation, using natural ingredients in their kitchen laboratory.

### GROUNDNESS

Coloured stoneware in two earth tones: brown and grey, brings to light the natural origin of the ingredients. The NARA plates, with their trendy craquelé glazes, inspire mouth-watering presentations.

# Show Cooking

The line between kitchen and dining room becomes blurred. Artisanal preparation –cooking, frying, stewing – becomes a visual spectacle for all guests to see. Bowls, pots and pans used as allrounders are now to be found on tables all around the world. Thanks to the comforting curvature of the serving dishes made of stoneware, cast iron, glass or terracotta, you can enjoy moments of pure culinary bliss from fresh, homemade-style meals. The knives stay in the drawer.

*An overview of the articles in this chapter can be found from page 92 onwards.*

# A New Role for Kitchen Staff

*One-pot dishes, casseroles, traditional stews, and colourful salads create a sense of familiarity and security, meaning that you can relax whilst enjoying your food. Stoneware items in cast iron-look: ORIGIN bowl, gourmet carafe and NARA mug. Combine with the softly curved wooden serving board for a homey feel.*

*Bowls are the new plates. Originally used in Asian soup kitchens, they have since become popular in all styles of international cuisine. They demand a different form of presentation, either layered, crowded together, or neatly arranged. Hand-made freshness is the focus. Here in stoneware bowls of NARA and SEA.*

#### EYE-CATCHER WITH A THERMAL EFFECT

These double-walled pots made of borosilicate glass allow you to see the food inside them whilst also keeping it warm or cold.

*Old recipes, modern look: A cocotte made of silky matte black stoneware with colored lids to add a creative element of surprise.*

# Storytelling

48

PLAYGROUND

Do play with your food! This is food art in the Instagram age. The chef transforms into an entertainer, delighting their guests with fascinating magic. The benchmark for the chef's creativity is not only set by the recipes, but also by their storytelling talent in their culinary designs. Fairy tales, comedies, romances, or dramas. The imagination knows no boundaries. PLAYGROUND provides culinary magicians with Oscar-worthy props.

puristic framework for experimental theatre.  
Both the top and the bottom serve as  
identical glazed presentation surfaces.*

*"Still Trying to Find Nemo"*

*"Big Picture"*

*A real thrill! Directed by the chef.  
The backdrop: BRUSH. The fine relief  
structure of stoneware in delicate grey  
becomes the projection screen for wild  
fantasies. A surefire blockbuster.*

#### IN THE EMPIRE OF THE DWARFS

The NARA espresso cups turn into mushrooms. The lids: small bread rolls. The perfect cast for serving soups. A magical worldview, presented on a narrow wooden tray with recesses. Welcome to the magic forest!

"Smokers Lounge"

*The curtain rises: a work of art is unveiled. Glamorously exhibited on a raised dining terrace: a gourmet bowl made from oak with a marble lid, and an elegant glass cloche.*

"Fisherman's Friends"

**Not for philistines:** salmon lollipops on avocado mousse. The CARVED stoneware plate is the canvas for this humorous challenge to dining conventions with its silky matte, dark brown glaze.

STAIRWAY TO HEAVEN

ANANTI oak menage combined with NARA stoneware. Skilfully paired with leather placemats in natural shades.

## New Moves

PLAYGROUND elements can be easily combined with your existing range of tableware. Nothing is impossible: glass, terracotta or stainless steel blend with porcelain for a harmonious coexistence.

## SHOW-STOPPING PRESENTATION

Stylish marble plateaus are a literal interpretation of refined elegance. Placemats with a crocodile look made from recycled leather. The playful juxtaposition of black and white puts culinary art centre stage.

# Snack Attack

Long misjudged as unregulated fare consisting of chocolate bars, chips, and other junk food, now light snacks are successfully creeping back into the picture. The new mini-portions are not only sophisticated, healthy and perfect for when you want just a little taste – they also allow the guest to individually tailor their serving size and choose how and when they wish to satisfy their appetite. This results in greater flexibility and sustainability, since it avoids sad leftovers on the plate.

*An overview of the articles in this chapter can be found from page 96 onwards.*

# It's a Mini!

*International cuisine fairs well in this trend of healthy snacking, e.g. samosas, delicious dumplings from India. Uniquely presented in an oak rolling pin which has a flat base to keep it sturdy.*

*TAVOLINI – "small tables" for mouth-watering delicacies: the pedestal bowl and plate add a completely new dimension to the classic etagere. Downsizing at its best!*

The finely-textured BRUSH platform, with its exceptionally modest design, allows sweet treats to take center stage.

#### RUSTIC PRESENTATION

Fresh juices or smoothies presented in simple glass carafes in an uncomplicated fashion.

#### STONE AGE

The natural stones, picked and carved by hand, invite you to take your pick.

The radial relief of the soft grey STELLA stoneware plate quite literally makes beautiful appetizers the centre of attention.

Exciting contrasts: ANANTI menages  
are enhanced with dark terrazzo.  
Warm accents: wooden cutlery and a  
turquoise stoneware rice spoon.

Designed

**PURE PATCHWORK**  
ANANTI menage and a crumb grid. Carefully positioned next  
to these: terrazzo platters laden with appetizing nibbles.  
Other snacks in NARA and glass bowls. Voilà!

*The colours of the sea: The stoneware collection SEA is reminiscent of deep blue water, golden beaches and brown rock.*

### FANCY A BITE?

No movement has shaken up the international gastro scene like the sharing trend. Be it at a gourmet temple or a rooftop bar, you'll be treated to a delightful variety of sharing possibilities. Indeed, the recent increase in snacking is continuing to contribute to this trend. The motto: everyone at the table should have access to small portions which are appetizing and originally presented.

Dining experiences in miniature: The lids of the cocotte are used as little serving plates, complementing each other in different colours. A grounded presentation: TERRA stoneware in an earthy glaze offers a new approach to simple Asian cuisine.

## CREATING CONTRASTS

It doesn't always have to be stainless steel: cutlery and bowls made from fine woods, used as a warm contrast to the cool, puristic austerity of white porcelain. NARA stoneware mugs are available in many colours, and you can also choose between a relief or a smooth design. Just mix and match! But first... coffee: slow coffee maker with filter.

CLEANING AND CARE INSTRUCTIONS

CAST IRON

Pots and pans made of cast iron are suitable for all kinds of ovens except for microwave. Never place hot items directly onto unprotected surfaces.

Uncoated pots and pans:  
Rapeseed oil has been used in the firing process of this kind of material. In order to avoid corrosion, cast iron products should always be slightly greased with cooking oil. Before using it for the first time, rinse cast iron products under clean running water. Used items should be cleaned with hot water only – do not use dishwashing liquids. Recommendation: Clean the rustic pots and pans with paper towels only.

To remove burnt food particles a “peeling” can be done from time to time by rubbing 2 tablespoons of salt with a dry tea towel.

Enameled cookware can be cleaned in the dishwasher, if necessary. There is no need to grease these products before storing, but make sure that they are dried properly.

Teapots made of cast iron:  
Before using it for the first time, rinse the teapot thoroughly several times with warm water.

Heat the teapot only if it is filled by at least two thirds.

Cast iron teapots are suitable for all ovens and cookers except for gas cookers. By no means may it be heated in a microwave. Having used the teapot, please rinse it with warm water only. It is not dishwasher safe! Do not use any abrasive sponges or similar devices.

CONCRETE

The concrete bridge of the condiment server is neither dishwasher-safe nor suitable for the oven or the microwave. Cleaning by hand using a pH-neutral detergent and warm water is recommended.

Please be aware that despite a coating, concrete has a porous surface. Contact with oil-based and high-acid foods may cause stains and can affect the surface of the product. Also when placing coloring foods such as saffron or curry on the marble, discoloration may occur which can not be removed.

FELT

The felt base of the glass vases is an industrial felt and is not intended to come into contact with food. It is for decoration purposes only. Should it become dirty, it can be wiped with a damp cloth or vacuumed with a hand-held vacuum cleaner. As felt is a natural product, slight colour variations may occur.

GLASS

All glass items are dishwasher safe and – after removing metal holders – microwave safe.

LEATHER (ARTIFICIAL)

Artificial leather is an industrially manufactured combination of textile fabrics, plastics and plasticizers. Although this mixture makes it more durable and easier to care for than it is for natural leather, it can crack or fade if handled improperly.

Simply clean LAV placemats with a mild detergent and a damp cloth. Then wipe off and rub dry. Please do not use detergents containing alcohol or oil! Artificial leather is not suitable for the dishwasher.

LEATHER (RECYCLED)

DUMBO, EMU and GATOR placemats are made of recycled leather (85%) and natural rubber (15%). They can easily be cleaned using a damp cloth and a mild detergent. Simply wipe off and polish it dry. Please note that they are not dishwasher safe!

This robust and durable natural material is water repellent, scratch resistant, light- and colorfast as well as heat resistant up to 80°C.

MARBLE

As marble is a natural product, deviations in structure and color are possible.

Items made of marble are not dishwasher safe and may not be used in the microwave or oven.

Please clean these items by using pH-neutral detergents and warm water only. Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface of the marble product.

NATURAL STONE

The natural stone is a completely untreated natural product, which can lead to deviations in color, structure and size.

The natural stones have a porous surface and therefore stains (esp. grease) are difficult to remove. Be aware that prolonged contact with high-acid and greasy food (particularly citric acid or fruit acid) can affect the surface of the stone.

Please clean these stones by using a damp cloth and pH-neutral detergents. To maintain a long-lasting good look, natural stones may be treated with cooking oil from time to time.

SLATE

Slate as a natural product can have slight variations in color, structure and size, which are unavoidable due to the material’s characteristics.

Slate is not oven-proof, dishwasher-safe or microwave-safe.

Please clean these items by using a damp cloth and pH-neutral detergents only. Please do not use abrasive cleansers / scouring sponges, as the slate surface might be damaged or scratched. Note that it is difficult to remove stains (esp. grease) from natural slate. To maintain a long-lasting good look, slate may be treated with cooking oil from time to time. Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface of the slate item.

Please note that slate products chip easily, which can result in sharp edges. Therefore please use slate products with utmost care.

STONEWARE

Within our assortment PLAYGROUND, all articles made of stoneware are dishwasher-safe, heat-resistant, and suitable for microwave and freezer.

Due to the surface texture of some stoneware products, metal marking can occur. This metal marking can easily be removed with an appropriate cleanser and does not impact functionality and hygiene in any way.

TERRACOTTA

The offered articles made of terracotta can be used in the oven, the microwave and the dishwasher.

After cleaning please dry the items completely and store them in a well-ventilated and dry place.

Please avoid high temperature differences and do not place hot terracotta products on cold surfaces.

TERRAZZO

Terrazzo is a material made of white cement with natural stone chips. Therefore each platter is unique and slight color variations can occur.

The offered terrazzo platters should not be used in the dishwasher, the microwave or the oven. For cleaning, please use a pH-neutral detergent and warm water. Be aware that prolonged contact with high-acid food (particularly citric acid or fruit acid) can affect the surface. Also when placing coloring foods such as saffron or curry on the terrazzo, discoloration may occur which can not be removed.

TEXTILE

The presented bread-paperbags are made of sustainably generated natural materials. The material is a mixture of cellulose and latex and can be washed in the washing machine at 30°C. The product is tear-proof, durable and can be ironed at suitable temperatures, if required.

WOOD

Wood is a natural product, whose shades of color can vary.

All wooden articles of our PLAYGROUND collection are neither dishwasher- nor microwave-safe. Please clean the wooden items with a damp cloth only.

Our wooden articles are properly sealed with a food-safe oil. If necessary, linseed oil can be used for a retreatment.
