INNOVATIVE GLASS MATERIAL

THE MIRACLE OF GLASS BY LUIGI BORMIOLI

- High-Tech crystal glass
- Ultra Clear, totally transparent and sparkling
- Strong: High resistance to breakage
- No alteration in transparency and brilliance over 4000 industrial washing cycles
- Sound amplifier
- Eco-Friendly

- Vetro sonoro superiore High-Tech
- Ultra Clear perfettamente trasparente e eccezionalmente brillante
- Robusto: Alta resistenza alla rottura
- Trasparenza e brillantezza inalterate oltre 4000 lavaggi industriali
- Altamente sonoro
- Eco-Friendly

SON.hyx®

- The new generation glass
- Ultra Clear and totally transparent
- Durable: High resistance to breakage
- Resistant to over 2000 industrial washing cycles
- Eco-Friendly

- La nuova generazione del vetro
- Ultra Clear e perfettamente trasparente
- Robusto: Alta resistenza alle rotture
- Trasparenza e brillantezza inalterata oltre 2000 lavaggi industriali
- Eco-Friendly

SPARKX®

LEGENDA

TITANIUM Reinforced®

Permanent anti-abrasion treatment on the glass' stems. This process, original and patented (nr. EP20100153150), hardens the glass surface improving its resistance to abrasions, which are responsible for the fragility of the stems during daily usage. It increases the stems' resistance to breakages by 140% permanently.

This coating process is the best in the market as it guarantees the stems' resistance to breakages even after multiple industrial washing cycles.

Trattamento permanente antiabrasione sullo stelo dei calici. Questo processo, originale e brevettato (nr. EP20100153150), conferisce al vetro un indurimento superficiale migliorandone ulteriormente la resistenza alle abrasioni, responsabili della fragilità degli steli durante l'utilizzo. La resistenza alle rotture aumenta del 140% permanentemente.

La migliore tecnologia presente sul mercato, garantisce la robustezza dello stelo anche dopo molteplici lavaggi industriali.

ANTI-DRIP coating

Revolutionary treatment that prevents dripping.
Rivoluzionario sistema salva-goccia.

Mouth-blown, hand made products exclusive to Luigi Bormioli.

Prodotti soffiati a bocca e lavorati a mano in esclusiva per Luigi Bormioli.

Products tested by Centro Studi Assaggiatori Italiano.
Prodotti testati dal Centro Studi Assaggiatori Italiano.

Istituto Eccellenze Italiane Certificate is an association of companies whose aim is to identify, codify and sensorially certify the excellence of Made in Italy.

L'Istituto Eccellenze Italiane Certificate è una associazione di imprese che si propone di individuare, codificare e certificare sensorialmente il Made in Italy di pregio.

Special treatment and /or accentuated epicure (indentation) create extra persistent flow of bubbles.

Trattamento speciale e/o epicure accentuata per incrementare lo sviluppo di bollicine fini e persistenti.

Items available with specific gauge mark.

ORIGINAL DOUBLE-WALL BARWARE

REGISTERED DESIGNS
MODELLI DEPOSITATI

- Double-wall borosilicate glass, hand made.
- Thermal shock resistant.
- Microwave and dishwasher safe.
- Maintain the temperature of drinks hot and cold.
- Maintain unadulterated the level of acidity of liquid contained.
- Prevent condensation on the outer surface.

- Vetro borosilicato in doppia parete, fatto a mano.
- Resistente agli sbalzi termici.
- Idoneo al microonde e lavabile in lavastoviglie.
- Mantiene la temperatura delle bevande calde e fredde.
- Non altera l'acidità del liquido contenuto.
- Evita la formazione di condensa.

WINE

Fast wine aeration

When swirling the wine the helical incision inside the bowl increases turbulence resulting in a greater air-wine mixture, and the time of wine aeration is reduced to 15 seconds.

As a result the acid and tannic components in the wine are reduced which enhances the fruity aromas and flavors.

FLUTE

Extra flow of bubble

The helical incision inside the bowl facilitates a flowing stream of bubbles resulting in pleasant and enjoyable optical effects that enhances the content.

VINI

Fast wine aeration

Ruotando il calice l'incisione elicoidale interna riduce i tempi di areazione del vino a 15 secondi grazie all'incremento della turbolenza e quindi al maggior mescolamento vino-aria.

Di conseguenza si avrà una riduzione delle componenti acide e tanniche nel vino e un miglior sviluppo degli aromi e dei sapori fruttati.

FLUTE

Extra flow of bubble

L'incisione elicoidale all'interno del calice genera un flusso di bollicine a forma di sciame elicoidale con piacevoli e divertenti effetti ottici che danno pregio al contenuto.

T-GLASS™

TRUE WINE STEMLESS

A LESSON IN DESIGN BY ACCADEMIA LUIGI BORMIOLI

T-Glass™, an innovative stemless program with a functional design, maintaining the original bowl shape designed for wine tasting.

These glasses manufactured without stem, with a bowl suitable for the tasting of any wine varieties welded onto a foot (or base) have the advantage of being easy and safe to use.

- EASY to use. Suitable for casual dining occasions.
- EASY to wash, safer.
- EASY to store.
- EASY to hold. Holding it by the base it prevents heat transfer to the wine.
- EASY to handle, more durable.
- EASY and versatile, suitable also for non alcoholic drinks.

UNA LEZIONE DI DESIGN DALL'ACCADEMIA LUIGI BORMIOLI

T-Glass™, una proposta innovativa di bicchieri dal design funzionale senza alterare le forme delle coppe studiate per la degustazione del vino.

Questi bicchieri realizzati senza stelo, sono dotati di una base su cui è saldata una coppa adatta ad ogni stile di vino e hanno il vantaggio di essere di facile e sicuro utilizzo.

- FACILE da usare. Adatto per occasioni informali
- FACILE da lavare : più sicuro.
- FACILE da riporre.
- FACILE presa: impugnando la base si evita di trasferire calore al vino.
- FACILE da maneggiare, più durevole.
- FACILE e multiuso, adatto anche per bevande non alcoliche.
