Your Resource for
Fiber Reinforced Polymer Solutions

www.endurocomposites.com

WHO WE ARE

Enduro Composites is a manufacturer dedicated to developing products and solutions that deliver meaningful value and service for our customers. With a history of innovation and industry firsts, our fiber reinforced polymer solutions have earned worldwide respect and recognition.

OUR MISSION

Maximize value for our customers, employees, vendors, and community by strategically delivering a broad portfolio of technical solutions while maintaining our core values:

- **INTEGRITY:** Maintain reliable, trustworthy, honest, ethical, & respectful partnerships
- **CUSTOMER FOCUS:** Promote a positive customer experience
- **INDUSTRY LEADERSHIP:** Deliver innovative, value-added solutions through technology & education
- **EMPLOYEE COMMITMENT:** Provide a safe, healthy, enjoyable work environment

OUR FACILITIES

Employing a diverse manufacturing capability, we offer systems for building construction, cable management, pipe and tank, water/waste treatment, and custom applications.

- **HOUSTON, TEXAS (Headquarters)** 120,000 SF (11,150 m²)
- **PEARLAND, TEXAS** 75,000 SF (6,970 m²)
- **FREEPORT, TEXAS**
- **DAMMAM, KINGDOM OF SAUDI ARABIA** 35,000 SF (3,250 m²)

LASTING SOLUTIONS FOR CHALLENGING CONDITIONS

CABLE MANAGEMENT

With a broad line of FRP/GRP products, Enduro is the world leader in the manufacture and development of fiberglass cable tray. Made from the highest quality, pultruded materials and utilizing advanced resin technology, our cable management systems are used in the most demanding environments around the globe. Applications include offshore platforms, chemical plants, oil/metal refineries, and mining operations.

- LADDER TRAY
- CABLE & INSTRUMENTATION TRAY
- STRUT & STRUCTURAL SUPPORTS
- INSTRUMENT STANDS
- SWITCH RACKS

WATER & WASTEWATER

Serving the industry for over 30 years, Enduro baffle walls and tank covers are specifically designed for water and wastewater treatment operations. Our tank covers offer important removability and sealing benefits. Delivering long term, structural benefits, our baffle walls provide cost saving installation and excellent strength to weight properties. In addition to these product solutions, Enduro offers technical assistance for design and installation.

- CLARIFIER PRODUCTS
- XL3 & XL6 TANK COVERS
- AQUASPAN™ Baffle Walls
- WALK-IN COVERS & STRUCTURES

BUILDING PRODUCTS

Tuff Span™ building products from Enduro offer a total, corrosion resistant and structural solution for industrial and commercial applications. Our reinforced plastic roof and wall panels are widely recognized as the optimum materials for tough, challenging conditions. These components, combined with our long span, FRP beams and ventilation components, offer a long-term solution for the building envelope and structure.

- ROOFING & SIDING
- ROOF DECK & FORM DECK
- BEAMS, PURLINS & GIRTS
- LOUVERS, RIDGE VENTS & GUTTER
- BUILDINGS

PIPE & TANK

Vesca™ pipe and tank products from Enduro include a broad range of fiberglass (FRP/GRP) process equipment designed to handle the most corrosive environments. With multiple material options, our dual laminate components can be custom designed for specific applications and conditions. Serving the chemical processing industry for over 60 years, our pipe and tank products have a long history of delivering outstanding service.

- ASME RTP-1 CERTIFIED TANKS
- DUAL LAMINATE PIPE & TANKS
- FRP PIPE & TANKS
- FIELD SERVICES
