

CRITICAL INFORMATION SUMMARY

INFORMATION ABOUT THE SERVICE

SERVICE DESCRIPTION and KEY INFORMATION

BusinessCom Business Fibre provides symmetrical high speed internet access over optical fibre cabling, and comes with a static IP address and unlimited data allowance each month. There are no peak and off peak restrictions, and no excess usage charges. Our Acceptable Usage Policy applies.

HARDWARE REQUIREMENTS

We will supply and install a Network Termination Unit (NTU) at your premises. This will provide an Ethernet Port for connecting to your Router. You will require a compatible router and/or firewall at your premises. Please contact our Customer Service Team for further information.

SERVICE AVAILABILITY

Business Fibre may not be available in all areas and some premises due to technical or commercial reasons. Fibre 400 and Enterprise 500 are not available everywhere and are limited to selected fibre-lit buildings. Your address must be pre-qualified before a formal quotation can be provided. To check availability please contact our Customer Care Team on **1300 000 300**.

MINIMUM TERM

Minimum term is 36 months.

CONNECTION CHARGES

Telstra Business Fibre: the service includes installation with up to 10 metres of cabling from the MDF to the communications equipment. Additional charges apply for installations requiring more than 10 metres of cabling. You will be supplied with a quote following the initial site audit if there are any additional charges. Non-standard installation and installation outside of business hours will incur an additional cost.

Fibre 400 and Enterprise 500: there is an installation cost of \$990 per service on the 36 month term. Non-standard installation and installation outside of business hours will incur an additional cost.

ETHERNET SPEEDS

Actual speeds you experience depend on a number of factors, including your equipment, the number of end-users, the source of the data and applications in use. Download speeds on devices connected via a WiFi modem or network extender may be slower than on devices connected by a fixed ethernet cable.
