

Innovation Toolkit

 Much more than just a workshop!

The Innovation Toolkit shows you the true potential of your company's digital innovation power. It is a 4-step innovation framework that helps realize ideas to pave your way to remain relevant and competitive in a changing future. This is how you achieve digital breakthroughs for your business.

Key Challenges

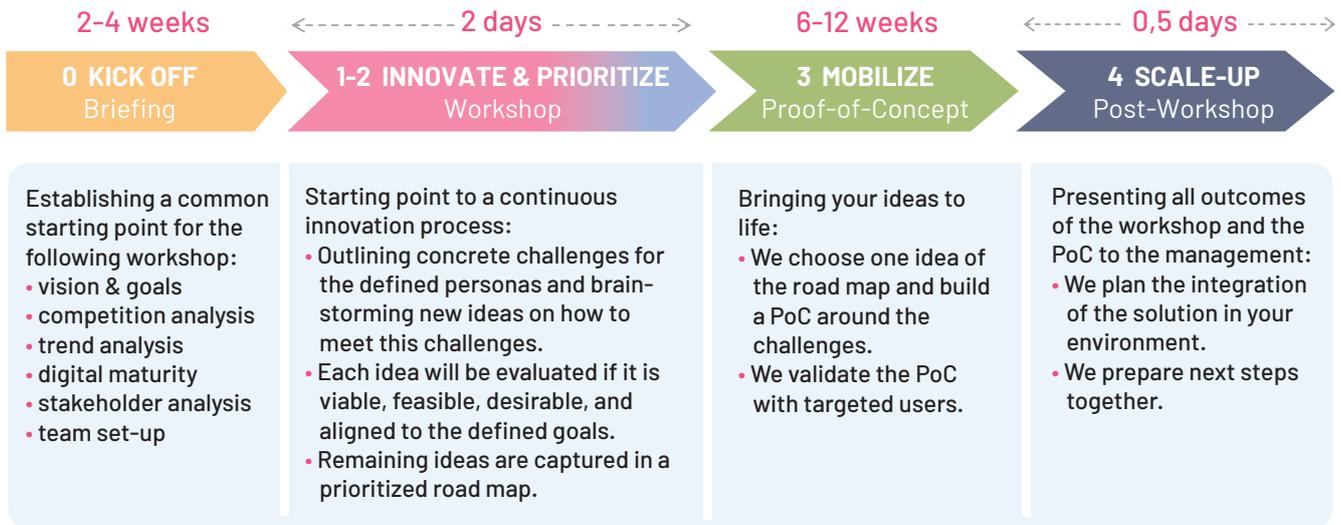

Nagarro's 4-step Innovation Framework

Ideas will be generated and prioritized; requirements for the first prototype will be identified. A proof-of-concept and a concrete road map will show the next steps of your digital journey.

Framework Concept

Outcome

A common understanding of your business and the aspired degree of innovation to get the perfect set-up for the workshop.

An individual road map (short-term, medium-term, and long-term) for your business, which will be the starting point for your continuous innovations.

At least one PoC including a demo, which shows immediate results and can be implemented easily into your system.

Teams including management are highly motivated as they bring ideas to life together and are well equipped for a changing future.

Why Nagarro

Tailored framework

We start where you are today and create a perfect setting with maximum customization for your individual needs.

Tech meets Business

We consider both strategic and technological components. With a structured and methodical approach, we achieve the greatest impact for your business.

Hands-on assistance

We build a PoC which is immediately presentable and scalable. With the prioritized road map, we create the basis of your continuous innovation process.
