G Systems Again Joins Fast Tech 25

RICHARDSON, Texas – September 8, 2015 – [G Systems](#), a leading provider of solutions for automated test and measurement, data acquisition, and control systems, has been recognized as one of the fastest growing technology companies in the Dallas/Fort Worth Metroplex. G Systems was named to the Fast Tech Award listing Friday, August 21 at the Metroplex Technology Business Council's (MTBC) Tech Titans Awards Gala. The award presentation – sponsored by TravisWolff LLP, Comerica Bank, and the Dallas Business Journal – revealed the list of the top 25 companies as well as their ranking. G Systems ranked #22, growing at 36% from 2012 to 2014. G Systems is actually a repeat winner having received the award in 2011 as well.

"We are honored to be recognized as one of the fastest growing technology companies in North Texas for the second time. This award is a testament to the talent and commitment of our G Systems team," said Lynda Harrell, G Systems CEO and Founder. "Our consistent expansion within the system integration market, most notably within the aerospace and defense sectors, coupled with our investment in processes which ensure reliability, adaptability, and on-time delivery, have led to successful solutions for our customers, as well as double-digit growth for our company."

G Systems' growth should continue in future years as well. G Systems was recently awarded large automated test equipment (ATE) contracts from the U.S. Navy for the Vertical Launching System (VLS) – [link to press announcement](#). Furthermore, G Systems has been expanding to support additional opportunities for data acquisition and control systems in the aerospace/defense market. Since its founding in 1990, the company has increased its capabilities from software consulting, to offering full engineering design services, to custom test instrument manufacturing and assembly as well as build-to-print systems. In its 15th year, the Fast Tech Award honors the fastest growing technology, media, telecommunications, life sciences, and clean technology companies in the Dallas-Fort

News Release

Worth Metroplex, based on revenue growth from 2012 to 2014. The ranking is compiled from nominations submitted directly to the Metroplex Technology Business Council (MTBC) and through independent research using publicly available information conducted by the MTBC, TravisWolff LLP, and Comerica Bank.

“At the MTBC, we keep our finger on the pulse of what is happening in the tech industry in North Texas,” said Bill Sproull, president and CEO of the MTBC. “These fast growing companies are what makes our technology industry so vibrant...keep your eyes on them!”

About G Systems, L.P.

Headquartered in Richardson, Texas, G Systems, L.P. (G Systems) is a leading integrator of test and measurement automation solutions for the aerospace/defense, energy, life sciences, semiconductor, and telecom industries. With over 25 years experience refining a proven design methodology and integration process, G Systems is known for consistently delivering high-quality low-risk solutions that improve process quality and efficiency from design and prototype development through final production. G Systems offers services ranging from expert consulting to single or multi-unit turnkey deployment. Capabilities include software, electrical and mechanical design and build, data management, and system builds as well as build-to-print systems.

About Metroplex Technology Business Council

The MTBC strengthens the North Texas technology community and its reputation by acting as the innovation hub for entrepreneurs, universities, and corporations. The MTBC continues to prove that 'Technology lives here' by growing future tech leaders with its talent and workforce development initiative, advocating technology's advancement in governmental arenas, and connecting people and inspiring innovative ideas through its programs and special interest groups. The MTBC is the largest technology trade association in Texas, representing a quarter million employees through its 300 member companies. More information about MTBC and its annual Tech Titans awards gala can be found online by visiting www.metroplextbc.org.
